Coal Strike Effects Growing More Disastrous Daily

Leaders Of Soft Coal Strike In Capital Session

Two Hundred And Fifty
Man Policy Committee
Meet This Afternoon

NEGOTIATIONS ARE STILL UNDER WAY

(BULLETIN)

WASHINGTON, May 7.—(INS)—A government proposal for breaking the prolonged soft coal strike deadlock was submitted today to John L. Lewis and the bituminous operators today by Special Mediator Paul W. Fuller.

The miners were to consider Fuller's proposal at 2:30 p. m. session of the UMW's 250-man policy committee and the mine owners immediately took it under advisement in a private caucus following the joint negotiating session.

WASHINGTON, May 7.—(INS)—Local leaders of 400,000 striking soft coal miners assembled in Washington today for a first-hand report from John L. Lewis on the progress of their fight for a new mine contract embodying a health and welfare program.

The UMW's 250-man policy committee gathered for a 2:30 p. m. EST session as negotiations with the operators dragged on unsuccessfully at the Labor department and Congress clamored for action to halt the crippling shutdown.

Top administration officials remained silent, however, on the government's next step in the 37-day strike.

In the Senate, legislation was being prepared by Sen. Lucas (D-Ill.) which would make it a "criminal offense" for the miners to continue the strike and deny the country essential services.

Against Hasty Moves
Other congressmen warned against any hasty, ill-advised legislation.

Senator Ball (R-Minn.) declared: "This is not time to go off on an emotional bender."

The discussions between the operators and miners were to be resumed today.

With the arrival of numerous English brides in the county, Pa. News was asked whether any GI Jane, who served in some section of the world during the past war, has brought back with her an English or "Aussie" hubby. Pa. News has not heard of any so far.

With the scarcity of building materials, workmen who are dismantling the old Almira Home on East Washington street are receiving many visitors these days from various residents who are repairing some portion of their home to seek some needed bits of lumber to complete the work started.

A trip through Mt. Jackson by one of the Pa. News family, reveals that quite a bit of renovating and facade lifting has been done in the village improving the appearance of the community, especially at the "cross roads" that lead to Bessemer and Emma valley. An old dwelling that stood in the corner of the two roads has been remodeled, making a very attractive appearance.

Unusually good shipping conditions brought throngs of shoppers to the downtown district, Monday evening, Pa. News noted. Traffic was very heavy, too. For the first time in a number of years, there was a solid line of traffic from the

EXECUTE NAZI DUTCH LEADER

THE HAGUE, May 7.—(INS)—Anton Mussert, named by Adolf Hitler in 1942 as Nazi leader of the Dutch people, was executed today for his war crimes.

Mussert's appeal to Queen Wilhelmina against the death sentence was rejected. He was the ringleader of the Nationalist Socialist party in The Netherlands.

Big Four Parley Shifts Efforts To Balkan Problems

Deadlocked Italian Peace
Treaty Proposals Are
Temporarily Shelved
At Paris

BYRNES CAUSES SHIFT IN PLANS

PARIS, May 7.—(INS)—Foreign ministers of the Big Four powers shelved deadlocked Italian peace treaty proposals today and came face-to-face with Russia's "iron curtain" in the Balkans.

The diplomats' shift to consideration of peace pacts for Bulgaria, Romania and Hungary—nations comprising the "cockpit of Europe"—was initiated by U. S. Secretary of State James F. Byrnes.

Informed circles believe the move was prompted, at least in part, by Byrnes' conviction that the Balkans offer firmer ground for "horse trading" with Soviet delegate V. M. Molotov than was found in discussions of Trieste and Italian frontier.

May Make Some Progress
The same sources predict that Molotov's willingness to give-and-take on Trieste will be intensified in the Balkans, so that eventually the council will be able to re-approach Italian problems with some rough spots already ironed out.

Diplomatic quarters feel certain that the Big Four, if successful on the Balkans, will eventually strike

Detroit Convict One Of Leaders In Alcatraz Revolt

One-Time, Leader Of Notorious
'Purple Gang' Is Accused
By Prison Guards

SAN FRANCISCO, May 7.—(INS)—Louis Fleisher, one-time leader of Detroit's notorious "Purple gang," was named by prison guards today as one of the participants in the bloody Alcatraz federal prison revolt.

Fleisher, an orderly was serving 30 years for illegal possession of machine guns.

Fleisher was previously suspected by Warden James A. Johnston of being one of the ringleaders, but prison officials did not definitely accuse Fleisher until it was ascertained he participated in the rebellion.

Johnston explained at the time the prison revolt was crushed last Saturday that Fleisher could have been out of his cell properly at the time of the uprising carrying on his orderly duties.

Fleisher thus will face murder charges and possible death in California's lethal gas chamber along with the other three known surviving participants.

Report Borders Of Romania To Be Set Near January 1938

PARIS, May 7.—(INS)—The big four foreign ministers were said authoritatively today to have agreed to reestablish Romania's borders as of January 1938—with the exception of Bessarabia, which would be retained by Russia.

This decision would award the area of Transylvania, contested both by Romania and Hungary, to the Romanians. The U. S. S. R. previously had given Transylvania to the Bucharest government, winning out Hitler's cession of that territory to Hungary.

The foreign ministers' conference in Paris disposed of Romania in two and one-half hours of debate.

Appropriations Being Slashed

House Appropriations Committee Makes Huge Cut
In Interior Department Funds

WASHINGTON, May 7.—(INS)—The House Appropriations Committee disclosed today that it has made "unprecedented" cuts in the Interior Department 1947 money bill amounting to nearly 50 percent of the total requested by the Budget Bureau.

In making public committee action on the bill, the membership revealed that budget requests totaling 346 million 700 thousand dollars for the agency had been cut to 174 million 400 thousand. The bill came up for floor consideration later this week.

Determined to Cut
The committee declared that "the reduction . . . in the budget estimates as recommended by the committee is accounted for by the earnest and determined effort of the committee to effect reductions wherever possible and to the urgent need for retrenchment in government expenditures."

The committee roundly criticized the government agency for the

British Forces To Leave Egypt Commons Told

Churchill Attacks Attlee's
Proposal To Take British
Troops Out

MOMENTOUS MOVE BY BRITISH NEAR

(BULLETIN)

LONDON, May 7.—(INS)—Prime Minister Clement R. Attlee told the House of Commons today that Britain proposes to withdraw all its armed forces from Egypt, and former Premier Winston Churchill immediately attacked the proposal as "great shame and folly."

Attlee announced that the withdrawal was proposed in connection with the Anglo-Egyptian treaty negotiations, and Churchill jumped to his feet in a move for adjournment.

Momentous Action
The former wartime leader of the British Empire moved for adjournment of the chamber that the members might discuss the matter of public importance and urgent business.

Churchill added: "This is a very grave statement—one of the most momentous ever heard in the house. Complete evacuation of Naal, military and air forces—and this authorized at the beginning of negotiations."

Churchill complained that the government had not consulted anyone else in coming to this decision and, therefore, must take sole responsibility.

Miner Is Killed; Four Are Wounded In Kentucky Clash

HARLAN, Ky., May 7.—(INS)—One miner was shot and killed and four others were reported wounded today in the first flareup of violence in the Kentucky coal fields during the current mine strike.

The gunplay started when United Mine Workers union pickets clashed with members of the Progressive Mine Workers operating the captive Benham mine of the Wisconsin Steel Corporation.

It was not known immediately who started the first shot. It was definitely established, however, that members of the UMW and the Progressives exchanged sporadic shots for more than ten hours.

The dead miner was identified only as a man named Brock, from Stanfield, Ky., and he was assumed to be a UMW picket by police since he lived more than 30 miles from Benham.

Those wounded were Joseph Shepherd, of Elcomb; John A. Saylor, of Waltons; James Stevens, of Mouns; and R. G. Underwood, of Black Star. Saylor, Stevens and Underwood were members of the Progressive union.

De Gaulle Declines To Participate In Celebration

(BULLETIN)

PARIS, May 7.—(INS)—Former President Gen. Charles De Gaulle today declined an invitation from President Felix Goun to participate in ceremonies at the Arc de Triomphe Sunday celebrating the first anniversary of the German surrender.

De Gaulle, whose anti-left wing policies were vindicated in a French referendum on Sunday, said that he planned instead to visit the tomb of the late Premier Georges Clemenceau.

Clemenceau, who headed France during the First World War, was an advocate of intense French nationalism.

Coal Strikes To Cut Passenger Traffic

WASHINGTON, May 7.—(INS)—Return of passenger travel to the catch-as-catch can system of wartime train crowds neared today as the nation's railroads prepared to carry out government orders curtailing traffic because of the paralyzing soft coal strike.

At the same time, government officials said that the edicts will effectively stop movement over the rails of most non-essentials such as that new postwar refrigerator on order or material for GI Joe's new home.

The Office of Defense Transportation and the Association of American Railroads cracked down on unnecessary freight shipments and passenger traffic will be seriously curtailed until coal production is restored.

To Save Dwindling Coal
An ODT order cutting both freight and passenger traffic hauled by coal-burning locomotives by 25 per cent Friday and another 25 per cent five days later was designed to save the roads' dwindling supply of coal.

Passenger travel will be strictly a matter of first come, first served; and organization like professional baseball clubs will have to take their chances on available transportation like other travelers.

Circles may well have to shut up shop. After Friday no special trains (Continued on Page Two)

Will Suspend Many Trains

New York Central To Suspend
126 Passenger Trains
On Friday

NEW YORK, May 7.—(INS)—Train travel will be curtailed seriously Friday when the New York Central suspends 126 passenger trains because of the national soft coal crisis.

Among the runs to be cancelled during the emergency are those of many nationally known trains by which innumerable smaller communities set their watches and clocks, including the westbound Mohawk Limited, Advance, Knickerbocker, the Water Level Limited and the Ontario-Lake Erie Express, and the eastbound Water Level Limited, Mohawk, Iroquois and the Michigan Express.

The eastbound Advance Commuter will be combined with the New England Express. The Carolina Special to Cincinnati will be combined with the Queen City Special, and the New England States, from Boston with the Paul Revere. The eastbound Henry Hudson will be combined with the Boston Express.

Eighteen trains will be suspended in the Buffalo territory, 11 in the Cleveland area, 17 in the Boston district, 13 in the Michigan central district and eight in the Pittsburgh division.

Russia To Report?
Today's question mark was whether Russia would make a report also, as formally requested by the committee.

Churchill Warns Great Britain On Middle East Move

LONDON, May 7.—(INS)—Former prime minister Winston Churchill today warned of the possibility that Great Britain's imperial position in the Middle East may disappear overnight.

In a speech pleading for cooperation with Soviet Russia and delivered at a moment when announcement was made in Cairo of definite plans for withdrawal of British troops from Egypt, Churchill stressed "the gravity of the times in which we live."

He called attention to the situation in the Middle East and added: "It would be a profound shock to the British people if we woke up one morning and found that our empire position in the Middle East had vanished overnight."

De Gaulle, whose anti-left wing policies were vindicated in a French referendum on Sunday, said that he planned instead to visit the tomb of the late Premier Georges Clemenceau.

Clemenceau, who headed France during the First World War, was an advocate of intense French nationalism.

Entire Nation Being Crippled By Coal Strike

Millions Suffering Losses
Due To Paralyzing Effects Of Lewis' Strike

MORE CURTAINMENTS ARE IN PROSPECT

(By International News Service)

The wheels of American industry slowed almost to a complete stop today as the coal shortage due to the 37-day-old miners' strike slashed power requirements, cut transportation and lighting facilities and curtailed recreations for millions of Americans from New England to Portland, Ore., and as far south as Alabama.

Unemployment mounted by the thousands hourly as industrial plants used up their power-time quotas and closed down or laid off workers because of diminished coal supplies.

Millions Are Affected
Disputes extended to millions of citizens. Even the White House in Washington was affected as the capital announced emergency restrictions in line with other large cities, to conserve fuel. Lights in the White House were dimmed out, and the capital building also was darkened.

The District of Columbia commissioners studied a possible ban on limitation on the use of electric power by places of amusement, schools, museums and art galleries. They reported the voluntary brown-out has not saved sufficient fuel to keep the city lighted until June 1.

Rationing of electric power for eastern Virginia, including the area adjacent to Washington, was ordered beginning at midnight Thursday.

Do you need that extra helping of meat? Do you need all that extra bread? You're plenty to eat and a lot to spare, and when everything's done and said, we waste a lot too much, every one. We'd be better off if we ate much less; our waistlines would all be slimmer, and there's this to say: there are folks whose food is slim and getting much slimmer. So save a bit so that others may eat, and when the crisis is through, you'll have a waistline 11-12 inches smaller by far—the weather is fifty-two.

Admiral King Joins Fight On Merger Of Army And Navy

WASHINGTON, May 7.—(INS)—Fleet Admiral Ernest J. King joined today with other top Navy officials in the fight against the proposed Army-Navy merger.

The wartime chief of naval operations told the Senate naval affairs committee that the merger as now proposed would make the chief of staff of the armed forces virtually commander-in-chief of American naval and military strength.

King said he believed that only the President should have this power.

The fleet admiral proposed that the joint chiefs of staff be continued for direction of the armed forces under the President.

Gromyko Says He Will Continue UN Boycott Program

NEW YORK, May 7.—(INS)—Russian delegate Andrei Gromyko said today he would boycott the United Nations Security Council tomorrow on the withdrawal of Red army troops from Iran.

"Will you take part in the Iranian discussion?" he was asked as he left his suite in the Plaza hotel.

"No. I made my position clear and it is still the same."

"Would it be wrong to say that you would attend the meeting tomorrow but would not take part in the discussion on the Iranian question?"

"Yes. You would be wrong."

FRANCO SPAIN AND IRAN AGAIN BEFORE COUNCIL

(Continued from Page One)

oil, and whether Andrei Gromyko would attend tomorrow afternoon's session of the council or continue to boycott any meeting where the Iranian issue might be brought up.

Fact that Gromyko failed to make a report last night was not regarded as too significant. He has all day today to get in it. Failure to lay anything before the council by 3 o'clock tomorrow afternoon, however, would be regarded as somewhat of an affront from the Moscow government.

Meanwhile, the special five-power sub-committee investigating charges that Franco Spain is menacing world peace and security resumed its deliberations behind closed doors this morning.

This committee had asked the war crimes commission to communicate to it "the names of wanted war criminals at present on Spanish territory."

Examine Reports On Spain

While awaiting this information, the five member delegates were examining official reports about activities of Franco's Fascist regime which had been requested from each of the 51 United Nations.

The British report was known to be in. That from the United States still was in course of preparation in Washington and will not be ready before the end of the week.

Most immediate attention, however, was focused on the Iranian situation.

Ambassador Ala, in his formal report, had this to say concerning the state of conditions in Azerbaijan province:

"These reports (that Red troops would be out by today) have not been verified by direct observations of officials of the Iranian government."

"The reason for this is that, as previously pointed out to the council, the Iranian government has been unable, because of the interferences complained of, to exercise effective authority within Azerbaijan since 7 November 1945, and from that time to the present has had no opportunity to ascertain through its own officials what are the conditions prevailing throughout that province."

"mushroom growth" of some of its activities. A formal committee report declared:

Must Be Reduced

"The time has come when expenditures must be curtailed to the greatest possible extent to the end that there will not be consistently mounting appropriations for the various bureaus and agencies."

The committee took sharp cracks at the Interior Department, headed until recently by Harold R. Ickes, but expressed the hope that Secretary Krug's "dynamic" leadership will "replace inefficiency and extravagance."

WELCOME HOME PLANS COMPLETE

(Continued from Page One)

John F. Haven and Judge W. Walter Braham. Per the service men Warrent Officer Joseph Pearson will respond.

Refreshments To Be Served

The west dining room has been taken over for refreshments and immediately upon the close of the floor show the snack bars will open with sandwiches, coffee and soft drinks. The refreshment committee, headed by Chester C. Sweeney has had a job getting materials for the snacks but have succeeded. The service of the snacks will be in charge of the Red Cross Canteen.

The Welcome Home is for every service man and woman of World War two, no matter where they served. The ticket of admission is the discharge button, which admits the wearer and his lady friend or the young lady who served and her boy friend.

For those service men who come without escorts there will be hostesses in charge of Mrs. Olive Bolinger. Each organization that has contributed to the financing of the party has been given tickets admitting two representatives. The finances are nearly completed although several pledges made had not been reported as received Monday night.

A GI Night

The night will be strictly GI. The day is the first anniversary of VE Day and it was felt in the city that it would be a proper day to hold a city wide Welcome Home. Many organizations agreed to the idea and the work of getting it put together was started.

With the exception of the short time taken out for addresses the evening from nine to one will be one of entertainment and amusement. Committee men will be scattered over the lower floor of The Cathedral to assist in any way they are asked.

To reiterate, Wednesday night, May 8, is Welcome Home night for the men and women of this locality who served in World War two. The indications are there will be a crowd present.

BIG FOUR PARLEY SHIFTS EFFORTS TO BALKAN PROBLEMS

a bargain in general terms for over-all European settlements, and on that basis call a peace conference. Experts will be delegated to settle details over a period of months, and perhaps years.

Molotov's feelings in offering to bargain on Italian colonies if Trieste went to Yugoslavia were viewed as indicating similar possibilities in considering the Balkans.

May Be Stiff Obstacles

Bulgaria, Hungary and Romania might present stiff obstacles for the western powers, however, because of the "iron curtain" maintained by Red army troops in those countries.

Western delegates point out that Byrnes will be faced with the "extremely tough" job of persuading Molotov to yield concessions in the Danubian basin, open the Danube to free navigation, and define the Russian border in Bessarabia without gaining complete control of the Danube outlet to the Black sea.

Another thorny question Balkan consideration will pose concerns Transylvania, which Hitler awarded to Hungary and Russia gave to Romania.

Similar posers exist insofar as Hungary and Bulgaria are concerned and Russia has thus far been inclined to follow precepts of the old adage that "possession is nine-tenths of the law."

Experienced observers in Paris grant Byrnes and Britain's Ernest Bevin less chance for success on the Balkans than they experienced on Trieste.

But Byrnes is optimistic.

shortage first and was forced to emergency measures to conserve electric power, was apparently still the hardest hit city in the nation.

Chicagoans faced their fifth day under almost total restrictions ordered by the Illinois commerce commission with their stores and industry running on a four-hour day and 24-hour week basis, respectively.

Suburban rail transportation to and from the city has been curtailed in keeping with the reduced work and shopping schedules.

Movie theaters have closed almost 100 per cent.

The lines of jobless seeking unemployment compensation increased noticeably yesterday, with one estimate running to four times what it was before the dimout crippled industry in the city.

85,000 Idle In District

Eighty-five thousand workers were reported idle in the Pittsburgh-Youngstown area as unemployment struck the giant steel plants of the western Pennsylvania area.

An industry spokesman asserted another 15,000 in the fabricating and steel dependent plants will be out of work by the end of the week.

Steel was reported by the American Iron and Steel Institute as off one and one-half million tons in production since the coal strike began.

Part of the food supply of the nation's largest city, New York, was threatened as new enforced fuel-saving regulations were put into effect.

The Merchants Refrigerating Company said that 300 million pounds of perishable food may spoil if the strike causes cutbacks in electricity for icing machinery. Part of the large stock was intended for consumption in New York.

Transportation Crippled

Rail transportation in and out of the city was affected as the New York Central system announced suspension Friday of 126 passenger trains, many of them nationally known.

In New England, a shortage of material caused by enforced freight reductions was hitting factories and mills.

Massachusetts Gov. Maurice J. Tobin asked the navy to share its coal stockpiles with industrial concerns.

Railroads planned cuts in passenger service starting Friday.

The office of defense transportation banned all railroad travel by circuses and carnivals, effective Friday. The order was an extension of an earlier ODT directive for a freight embargo and a 50 per cent reduction of passenger operations by May 15 on coal-burning railroads.

Secretary of the Interior Krug predicted that the miners' strike might force a return to wartime coal rationing.

More Damage Idle

In Ohio, a chamber of commerce spokesman estimated that 50 per cent of the iron workers of the state will be idle by the end of the week. Railroad service and personnel were reported reduced.

The Detroit Edison Co. requested the mayors of 45 towns to adopt voluntary brownout practices and other curtailed use of electricity to save fuel.

Cleveland reported its auto parts industry, backbone of its industrial production, headed for a shutdown by the railroad embargo. Independent steel mills and small foundries were making production cutbacks. The Chesapeake and Ohio railroad laid off 8,300 workers.

In denying these funds, it was said that "the committee is unable to find any satisfactory justification for the proposed steam plants at the present time and has eliminated funds for them from the bill."

It has also eliminated all proposed transmission lines in the state of Arkansas for the reason that it is not believed they are urgently needed at this time.

responsibility. The opposition leader added, in a loud voice and as his entire conservative party lent its support.

"Things are built up with great labor and cast away with great shame and folly."

Debate Tonight

Churchill's motion for adjournment was supported en masse by the entire opposition, and the speaker ruled that debate on the matter would be held tonight.

The former prime minister had warned only a few hours earlier that Great Britain's imperial position in the Middle East may disappear overnight.

Stressing the "gravity of the times in which we live," Churchill had pleaded for cooperation with Soviet Russia and paid tribute to the United States.

When Attlee had made his announcement to the house, Churchill asked if the premier had any statement in regard to the Sudan.

Not Affecting Sudan

Attlee replied that this was not a matter affecting the Sudan, inasmuch as Egypt is an independent power with whom Britain is negotiating on the subject of mutual defense.

Anthony Eden, former foreign secretary in Churchill's cabinet, then demanded how such a statement could be reconciled with the 1937 treaty whereby Britain and Egypt agreed jointly the obligation for defense of Egypt and the Suez Canal.

To this Attlee responded that his majesty's government was trying to devise plans for Egypt for a defense area.

The move for adjournment means that a vote of confidence or non-confidence in Attlee's government may be demanded at the close of debate. This is the usual parliamentary procedure.

sumed today Special Mediator Paul W. Fuller said the government-directed negotiations still are on dead center.

Secretary of Labor Schwellenbach participated in a conference with President Truman, Reconstruction Director Snyder and John R. Steelman, presidential adviser, on the coal strike, but refused to divulge the result.

Seizure Not Imminent

There were reports that the White House conference had little success in turning up any drastic measures to force an immediate end of what President Truman had called "a national disaster." The absence of Secretary of Interior Krug from the parley indicated that seizure is not imminent.

Krug, as solid fuels administrator probably would operate the mines in event of seizure. The administration is believed reluctant to take such a step, however, without some assurance that the miners would go back to work.

PA NEWC OBSERVES

(Continued from Page One)

Croton avenue traffic light on East Washington street clear up to County Line street, at one time in the evening.

Several garden club members have called Pa Newc's attention to the fact that the country side is sporting a truly remarkable display of dogwood bloom this week. There are quantities growing in this vicinity that it is well worth a ride into the country to see. One particularly choice section of bloom lies along the Portersville-Prospect road, Pa Newc is told.

In case you happen to be a bug for statistics and missed the temperature recordings for Sunday and Monday, they were almost identical, with Monday's top temperature standing at 64 and Sunday's at 63. The minimum temperature, was the same, 43 degrees. There was one-tenth of an inch of precipitation.

Veteran Fight Manager Dies

NEW YORK, May 7.—(INS)—James J. Johnston, 70-year-old veteran of 30 years as a fight manager and promoter, died suddenly this morning of a heart attack.

Johnston attended the fights at St. Nicholas Arena last night, apparently feeling well.

This morning, when he arose from bed, he slumped to the floor. A physician, hurriedly summoned, pronounced him dead a few minutes later.

CHARITY BEGINS AT HOME

If the article on Page 102, in May 6 Life Magazine, is true, and we have no reason to believe it is not, we should either get an investigator, or bring home some of those who are over in Europe, and do a little investigating of our mental institutions.

There are two ways of starving to death. One is starvation of the mind, and the other is starvation of the body. When we vote for our Governor, we should vote for one who will clean up this condition and take care of our mentally starving brothers, and not for one who will give certain politicians good jobs.

Woman's Club Installation Program Book Review-Tea

For the Woman's club on Monday afternoon at its May installation meeting in Highland U. P. church, Dr. Demas Ellsworth Barnes, professor of history at the University of Pittsburgh, reviewed the book, "David the King" by Gladys Schmitt.

This novel, he said, draws on one of the richest fields for its material. The author takes the story of David as told in the Old Testament, follows it with great accuracy but reworks it, fills it in, gives the story integration and delineates the characters beautifully and imaginatively.

As the characters pass in review, each stands out clearly and gives an interpretation of the period. Central theme of the book, Dr. Barnes said, is to him the author's portrayal of David's attempt to find his soul.

The speaker was introduced by Mrs. John E. Elliott, an acquaintance through former association at Shady Side Academy, Pittsburgh.

Installation of officers for the coming year was conducted by Mrs. A. B. Fankhauser. Preceding the installation ceremony, Mrs. Alvin M. Shumaker, retiring as president after two most successful years, spoke briefly in resume of the work accomplished in a message of farewell and thanks. She then presented to Mrs. J. E. Everett the orchid traditionally pinned on the new president together with the presiding officer's gavel.

Following installation, Mrs. Everett presented her president's pin to Mrs. Shumaker.

Singing of "America the Beautiful"

led by Mrs. William J. Caldwell with Mrs. John F. Love at the piano opened the meeting.

During business, resolutions on the death of Mrs. Carrie Getty read by Mrs. Frank Krause and on the death of Mrs. John W. Bell read by Mrs. Harold Cox, were adopted.

Annual reports of officers and department and committee chairmen were distributed in mimeographed form to all members.

An invitation was extended to members to attend the a cappella choir concert at the senior high school on May 17 when Julia Johns will be soloist.

On recommendation from the board, the club voted the purchase of a \$100 savings bond for the club house project which brings to \$1000 the sum Woman's club has earmarked for a club house fund.

An impromptu program presented while awaiting the arrival of the speaker included group singing led by Mrs. Caldwell with Mrs. Love at the piano, remarks by Mrs. J. L. Barton, sister of Mary Roberts Rinehart, who was introduced to the audience by Mrs. Lucien Black, and a charming reading, "Blue Roses" by Mrs. Shumaker.

Tea was served following the program from a table centered with an arrangement of tulips and lilies of the valley. Mrs. Everett, incoming president, and Mrs. Shumaker, retiring president, poured.

Hostess committee was Mrs. Ellis G. Diefenderfer, Mrs. Andrew Dadds, Mrs. E. L. Vincent and Mrs. Harold Cox.

WIMODAUSIS PLANS MONTHLY LUNCHEON

Wimodausis will have its regular monthly luncheon meeting at 1 o'clock Wednesday afternoon in the Scottish Rite Cathedral.

Hostesses in charge of reservations are Mrs. Bruce Love, 232 Walnut street, and Mrs. Grover C. Syling, 822 Lutton street.

A board meeting at 12:30 will precede the luncheon.

Semper Fidelis

Semper Fidelis club will meet with Mrs. Andrew Sarto, 110 Euclid avenue, Thursday evening.

PLAINGROVE GIRL TO BE JUNE 6 BRIDE

The engagement and forthcoming marriage of Miss Mary Elizabeth McCommon of Plaingrove was revealed when her sister, Miss Leora McCommon, entertained a group of guests on the evening of May 3 at their parents' home in Plaingrove.

Miss McCommon will become the bride of Donald Burns, Jr., of Plaingrove, on June 6.

Informal games were the pastime during the evening and high score went to Gerry Wimer and low score to Lillian Martin. In the low score package was revealed the news, "Marlitz and Don—June 6, 1946."

The wedding will take place in the Plaingrove Presbyterian church at 7:30 p. m. on that date.

The bride-elect is a daughter of Mr. and Mrs. C. B. McCommon of Plaingrove. Her fiancé is the son of Mr. and Mrs. Donald Burns of the same place.

Guests at the announcement party were from New Castle, Grove City, Butler, Slippery Rock, New Wilmington and Cabot.

J. H. W. DINNER HONORS MOTHERS

Mothers and daughters of members of the Jean Hill Williamson Missionary society of Highland U. P. church were honored Monday evening at a dinner in the dining room of the church.

Favors in the form of spring flowers marked places for 98 guests at tables tastefully centered with bouquets of mixed spring blossoms and tapers in pastel tones. The invocation was pronounced by Mrs. Glenn Berry.

Following serving, Mrs. Harold Sampson presented the entertainment for the evening. Mrs. E. F. Henderson, president, extended a welcome to the mothers and daughters. Mrs. Samuel Staats gave a "Toast to Daughters" while her daughter, Carol Staats, responded with a "Toast to Mothers."

Later a group of dramatic students of senior high school, under the leadership of Miss Clara Hart-suff, presented the enjoyable three-act play "The Tin Hero."

Unit No. Three of the Naomi Circle, served the tasty banquet. Arrangements for the event were in charge of the social committee, composed of Mrs. Menaal Smith, Mrs. Jay L. Reed, Mrs. Frank Burton, Mrs. A. Pearson, Mrs. J. A. Hewitt and Mrs. Wilbur E. Flannery, and the work committee, composed of Mrs. W. J. Kinnard, Mrs. A. C. Miller, Jr., Mrs. Arthur Sampson, Mrs. William Klee and Mrs. Harold Phillips.

The group will gather Monday evening, June 10, at the cottage of Miss Elizabeth Parker, Cottage Grove, for a picnic.

JUNIOR GUILD HAS ELECTION LUNCHEON

Annual meeting of the Junior Guild of Jameson Memorial hospital Monday afternoon in The Castleton took the form of a luncheon in the Coral room.

Spring flowers and candles decorated the luncheon table where places were marked for 50.

During business, with Mrs. William S. Emley, III, presiding, report of the nominating committee, Mrs. Leland W. Hamilton, Mrs. William D. Coburn, and Mrs. W. W. Wallace, was given by Mrs. Hamilton.

Election of officers for the coming year resulted as follows: president, Mrs. Thomas J. Kelly, Jr., vice president, Mrs. Robert A. Eckles; recording secretary, Mrs. C. L. Shinn; corresponding secretary, Mrs. Robert F. Armstrong, Jr.; treasurer, Mrs. George W. Lamoree.

Treasurer's annual report given by Mrs. Lamoree showed a most successful year for the guild. Mrs. John W. McIlwraith, reporting on the auctions, said that due to inclement weather last Saturday, it was decided to continue the auction on May 11 at 1 p. m. at the corner of Highland and Leasure avenue.

Mrs. Emley, retiring president, was presented with a corsage and gift and received a vote of thanks from the guild for a very successful year. Several door prizes were awarded.

Social committee in charge of arrangements was Mrs. Richard E. Rentz, Mrs. Bart Richards, Mrs. Harold Heck, Mrs. Norman Lockhart, Mrs. Orville Flora, Mrs. John Barrett and Mrs. Paul H. Wilson.

HERSHEY AUXILIARY HAS MAY PROGRAM Hershey auxiliary of the First Presbyterian church met Monday evening at 8 o'clock in the church parlors for its May program and business meeting. Hostesses were Mrs. O. P. Brown, Mrs. H. E. Golder, Mrs. O. A. Hartman, Mrs. Lester Hauschild, Mrs. Roy Hazen, and Mrs. A. C. Hoyt.

Worship service on the topic "The Kingdom Come in the Whole World" led by Mrs. D. W. Morrow opened the program.

"Southern Mountain Experiments" was the subject discussed by Miss May Martin. She read an article about Warren Wilson Junior College in Asheville, N. C. and told the interesting fact that for the Christmas pageant this past Christmas, the student body selected from among several candidates an American-born Japanese girl to take the part of Mary.

Members showed much interest in a talk on "Cuba" given by Mrs. W. A. Tumble. She presented it in the form of a travelogue and told many facts of interest about Cuba including the one that it is considered to have a system of price control outstanding among countries of the western hemisphere.

Mrs. Ira Ramsey was program chairman. During business, with Mrs. Lucien Black presiding, Mrs. Earle Cass gave a report of the recent presidential election.

Committee chairmen reported and announcements included two of event planned for May.

On Thursday evening there will be a mothers-daughters party at the church at 7:30. On May 23 there will be a tea and book review at the church when Mrs. E. O. Treas-cott will review "The Townsman."

It was voted to send a girl to the Y.W.C.A. Camp East Brook for a week during the coming summer.

Next meeting will be June 3 at the church.

INTERNATIONAL GROUP TO MEET WEDNESDAY International Relations department of the Woman's club will meet Wednesday afternoon at 2 o'clock in the home of Mrs. Alvin M. Shumaker, 308 Englewood avenue.

With Mrs. William Cosel in charge a very interesting program has been arranged on the topic, "Education for Freedom."

The meeting is open to all members of Woman's club.

READING CIRCLE '06 TO MEET THURSDAY Reading Circle '06 will meet on Thursday afternoon at 2 o'clock in the home of Mrs. Ira Alford, 915 Adams street.

Sets Wedding Date Miss Lucille Miller, daughter of Mrs. Anna L. Miller of RD 5, New Castle, has chosen Saturday, June 1, as the date of her marriage to William White Byers, son of Mr. and Mrs. James P. Byers of RD 2, Pottsville.

The open church ceremony will be performed at 7:30 in the evening in the New Wilmington Methodist church, with Rev. John A. Feizer, pastor, officiating.

Miss Miller, a graduate of New Wilmington high school and the Robert Morris School of Business, has been employed in the office of the United Engineering & Foundry company. Her fiancé graduated from New Wilmington high school in 1940 and is engaged in agriculture with his father.

WASHINGTON CALLING

by MARQUIS
CHILD

Hannegan and F. A. C. Are Still Aligned

WASHINGTON, May 7.—While published reports have had Democratic National Chairman Robert Hannegan drawing away from the CIO-PAC, the truth is exactly the opposite. A few days ago Hannegan had a long and satisfactory meeting with PAC Chairman Hillman.

In the course of that talk they agreed on many details of the congressional campaign to be waged this fall. The differences between the two men are numerous. In many respects, they could hardly be more unlike.

Agree On One Thing

Yet they agree on one thing. That is in their professed loyalty to the policies of the late President Roosevelt as championed by President Truman. On the basis of that agreement, a working relationship between PAC and the Democratic committee will continue.

Hannegan has had his troubles lately. Mistakes made by his office have been blown up out of all proportion by Hannegan's opponents within and without the party. But these attacks are not causing the Democratic chairman undue worry. Since his return from a rest cure in Arizona, he has radiated confidence.

Surprising Results

Some of the amount that have come in from the Jackson Day dinners are surprising. Oklahoma City is contributing nearly \$75,000. St. Louis has its first Jackson Day dinner and the net to the committee will be about \$25,000. The take in Washington was considerably more than \$175,000.

The contrast with 1942 is striking. Funds were so short in that campaign that it was necessary to borrow \$100,000 the last week. It had been impossible to plan in advance the amount of help to send into close congressional circles.

Another reason for Hannegan's confidence is his belief that it will be impossible this fall to exploit Republican votes in congress on the issues about which the public feels strongly. One is veteran's housing. The other is OPA and price control. The research division of the Democratic committee is now hard at work assembling the record in such a way as to show Republican villainy on these two points.

Hints Of Force
While there have been dire hints of a purge of Democratic congressmen deliberately blocking the president's program, they have not come from Hannegan's office. He is too shrewd and too regular a politician to sanction such talk.

In only one congressional district in the country will the weight of the national party machine be thrown against the incumbent Democratic congressman. That is in the Fifth District of Missouri, the president's own district. Representative Roger C. Slaughter of that district has worked hard to defeat the measure. Truman considered most important to his program.

What makes this the more ironic is that Slaughter was given a place on the powerful rules committee of the house at the instigation of his friend, Harry Truman, who recommended him to Speaker Sam Rayburn. Slaughter has come back to the president and Hannegan. That Slaughter is boasting of his part in blocking such administration measures as the fair employment practices bill.

Blame Is Placed
Slaughter is blamed for stirring dissident congressmen to action on the letter from the Democratic National Committee. That letter recently touched off a tepid protest. That was the letter which went by mistake to certain districts already represented by Democratic congressmen, urging the party organization to elect a better man. As drafted it was meant, of course, only for those districts with Republican congressmen.

While the form letter did not go to Slaughter's district, he is said to have persuaded a group of house Democrats to sign a protest petition. Now some of the signers have recanted, with apologies to Hannegan for following Slaughter's lead.

Slaughter now has a formidable opponent in the primary in Jerome Walsh, a prominent Kansas City attorney, who nearly defeated Slaughter in 1944. Then he had a PAC opponent. This time he will have the support of the CIO-PAC.

That was just one of the things Hannegan threshed out in the course of the recent talk with Hillman. Others will come to light in due course.

Hints On Etiquette

If a young woman prefers to smoke only a certain brand of cigarettes, she should always carry her own. If one brand is as good as another to her, she may smoke her escort's. It would not be good form for her to refuse him and tell him her favorite brand as if she expected him to buy them for her.

HINTS AND DINTS

Sun sets tonight 7:45. Sun rises tomorrow 6:07.

Foreman Richard Rice of South Portland, Me., was down the sliding pole in a flash when an early morning alarm was sounded recently. In another flash, he was in his coat and cap and on his way. Half-way to the fire, it came to him like a flash—he had forgotten to put on his pants.

A well known local man who was running to look like Twoton Tony Galeotti went on a diet, and soon all his friends were beginning to be bored by his accounts of how he was cutting down on his foods. A few days ago, a friend discovered him in a restaurant, eating a tremendous steak.

"Say, what's the idea—eating all that food?" inquired the friend. "I thought you were on a diet." "I am," said the fat man. "This is just to give me strength to continue it."

Most everyone thinks that farming is a soft profession but statistics gathered by insurance companies reveal that farming is the most hazardous occupation of all. The danger has been considerably increased with the introduction of mechanized equipment. The worst part of it is that few farmers carry insurance against these things.

Danvers, Mass., police were up a tree recently in more ways than one when they tried to track down a thief who ransacked a grain bin in a feed store. Finally the culprit was discovered to be a family of squirrels.

Great Game Of Politics

Possibilities In South Considered

WASHINGTON, May 7.—THE question again has arisen as to how far the dyed-in-the-wool conservatism of Democrats of the South, so long regarded as the basic party asset, can be pushed with impunity, by the Democratic leaders of the North who have contracted alliances with radical and racial elements extremely repugnant to Southern tastes, principles and prejudices.

The record shows that there is a point beyond which the "Solid South" refuses to remain solid. This was demonstrated in 1928 when it was asked to support a wet, Catholic, Tammany Democrat. Though the late Alfred E. Smith was of the highest character, patriotism and ability, the then, Dr. Protestant South revolted and four states—Virginia, North Carolina, Florida and Texas—went for the Republican candidate.

NOW another—and quite severe—strain is being put on the South's democracy. Recently the CIO through Mr. Sidney Hillman's PAC, announced a drive to organize the South as it never has been organized before. More than a million dollars is to be spent. Many hundreds of organizers are to descend upon the section. Unprecedented propaganda is to be spread. The whole business is to be done in a big way with large battalions. The AFL also is going to make a drive in the South, but the CIO drive is of greater political importance. To appreciate the probable effects of this it is necessary to consider several things—(1) that sentiment in the South against the CIO with its admitted Communist flavor is stronger than in any other part of the country; (2) that the leading champion of the so-called fair employment practices bill, late defeated by filibustering Southern Democrats, is the CIO; (3) that the CIO's advocacy of a minimum wage of 65 cents an hour, of an unamended OPA, of Henry Wallace's and unrestrained public expenditures is offensive to most Southern Democrats.

FINALLY there is the obvious fact that the CIO's organizing efforts in the South will be largely among the Negroes of the South. Though this is not announced, it is nevertheless (Continued on Page Seven)

The World and the Mud Puddles

BACK TO THE G. O. P.

The principal political significance of the voluntary liquidation of the Wisconsin Progressive Party and its merging with the Republicans seems to be that Senator La Follette sees a better chance of returning to the Senate by running on the Republican ticket. The case is advanced by La Follette himself is that the Republican Party "offers the best opportunity of advancement of progressive principles." While this indicates belief in the utility of New Dealism, it also indicates that in Senator La Follette's judgment the best chance of re-election also lies with the G. O. P.

For a decade the name of La Follette and the label progressive were potent forces in Wisconsin politics. The popularity of the elder La Follette was in part due to his two sons, Robert winning the United States senatorship and Philip the governorship. In 1944, however, the progressive vote was approximately twenty-five thousand and the state gave Governor Dewey a substantial majority for president.

While the return of the Wisconsin Senator to the old party fold may not be vitally significant (although the progressive remnant conceivably could wield the balance of power in a close election), it does indicate that the La Follettes have been giving careful scrutiny to straw in the political wind.

One of the things drivers too often take for granted is that they need not exercise extra caution near a school, because there are lights, traffic officers or School Boy Patrols at the corner. Of course these help to prevent accidents. But no matter what precautions are taken to protect children, the most essential protective measure is and always will be the driver's alertness and caution.

From Me To You

By MESEALL

Romance is a wonderful thing . . . and now that warm weather is not too far in the future, romance will play a big part in many lives. Romance doesn't always mean an affair between the male and female; romance in languages you often hear about. Sometimes we wonder just what is meant when "romance languages" is mentioned. Of course there is a definite plan but we won't go into that right now.

There is romance in every day life if you are but willing to look for it . . . sure the little woman will say, there is no romance in washing dishes three times a day and keeping the house clean and tending the children . . . but there is romance in the every day life if you take the time to find it. You say also that going to work and doing the same old job day in and day out, year in and year out . . . there is the romance there . . . in the unusual things that happen each and every day.

There is not a day goes by that something a little different doesn't happen in your own little orbit . . . Maybe it is nothing more than a story you hear or something that you see while walking down the street. You have to look for romance when you can't get away to new terrain where you expect to find it without looking.

Just Folks

LONELINESS
Starting out without "Good bye!"
Coming in without "Hello!"
Never noting the twinkling eye
And the kiss of long ago.

Smiles—the mask of sham at best.
Just an overcoat for pain—
Worn, as sentinels are dressed,
Standing duty in the rain.
Silence when you climb the stair!
Silence when you dim the light!
Then, what hardest is to bear:
Off to sleep without: "Good night!"

LOOKING AT LIFE

By ERICH BRANDEIS

The editorial writer of the Danbury, Conn., News-Times is very much opposed to the use of that new yeast acid which will promote longer and healthier lives.

"Who wants to live longer?" he asks, and then he cites the case of a 104-year-old farmer who wished he had died many years ago.

"Boy, don't you never live to be no hundred," he just a curiosity. You don't know nobody. You don't like the notions folks have nowadays. You just sit around and are in everybody's way including your own."

Mind you, I am quoting the Danbury editorial writer!

He agrees with that farmer. And, what's more, here is his own comment:

"Who wants to have his life prolonged 9 per cent nowadays? (That's what the new acid will do.) To listen for 9 per cent longer to the whinnies and brayings and moanings of radio? To live through two more presidential campaigns, with all the flubdubbery and lying oratory? To gaze for 9 per cent longer at the danks they call art now? To stand in line for 9 per cent more years trying in vain to get better? And to live long enough to go through another war, maybe?"

If I looked at life like this farmer and this editor, I wouldn't want to live at all.

Naturally they don't want to live 9 per cent longer. What are they doing with their present lives?

What are millions of people doing with their lives, even without the benefit of that new yeast acid? If living is just listening to radio and worrying about butter and sitting around not approving of other folks' notions, no wonder they get tired of living.

Living, my dear Mr. Farmer and Mr. Editor, is DOING.

Living is being part of the world, part of progress, part of that great army of humans which marches forward and upward.

There is a great difference between living and just existing.

The person who lives for himself alone is not living at all. He is better than the worm that nibbles your tomatoes.

Living is something glorious. Living is improvement—self-improvement as well as helping in the improvement of the world in which you live.

Living is a wonderful privilege, not just a three-meals-a-day chore. To me—and I hope, to you—life is a daily novelty. Each day is a new day of adventure of achievement of mystery.

I don't care whether I live to be a hundred or die tonight.

I want them to put on my tombstone.

He has lived every day of his life.

What People Say

(By International News Service)
WASHINGTON—President Truman in a message to the National Jewish Welfare Board: "Effective transition from war to peace requires the same kind of national unity and consecration to duty as did the winning of the war."

ADDIS ABABA—Emperor Haile Selassie: "On the eve of the peace settlement let us have the courage to recognize that in a peace without justice there shall be neither peace nor justice."

WASHINGTON—Senator Joseph H. Ball, R-Minn.: "There is real danger today that in our discussion of political issues we will place so much emphasis on achieving economic security for every one, that we may achieve it at the expense of freedom—both political and economic—for the individual."

Must So Many Die

New and highly disturbing figures on American traffic fatalities have just been disclosed by the National Safety Council. The council reports that in the first three months of this year 8,120 persons were killed in motor vehicle accidents. On the basis of these figures and on seasonal trends, the council estimates that 8,000 persons will have died in such accidents by the end of the year.

This estimated toll is dangerously close to the all-time traffic death total of 9,969 recorded in 1941, the last prewar year. And because of the worn-out condition of far too many cars on the road, the estimate may be too low.

"Something must be done at once to halt this needless slaughter," said Ned H. Dearborn, president of the council. "And this something is as much the responsibility of the drivers and pedestrians as of public officials, enforcement officers and safety leaders."

Mr. Dearborn might have added that far too many drivers and pedestrians operate on an "it-can't-happen-to-me" basis and don't know how wrong they are.

If they could be made to realize that it can and too often does happen to anybody who relaxes his vigilance even for an instant, it would happen less frequently and traffic safety would begin to have a real and abiding meaning. There has been a steady increase in pickup, steering ease and braking effectiveness of cars over the years, but human reactions have not been speeded up.

Where's The Paper?

That idyllic state of normalcy when there is enough of everything for everybody still is a remote dream, but even those who spend their days standing in nylon lines and their nights dreaming of butter might shed a tear for the newspaper publishers. They would gladly stand in line, or send an editorial writer to do it for them, if they knew of a mill that had a few rolls of newsprint on or under the counter.

But they know better, for even publishers read the newspapers. And the news about the paper supply is all bad. After the war ended, there was a slight improvement—enough so that some publishers stopped dodging down the nearest alley whenever they saw an advertiser. But, apparently, this has been only a false dawn, for spokesmen of the mills are predicting that newspapers may be forced back to the thin size of war days.

There are several reasons for this. Magazine publishers have been buying up paper mills and taking over their entire output—leaving their former customers to scramble with the rest of the buyers for a curtailed supply. Per capita consumption of paper has increased, without a corresponding increase in production. Foreign producers, who might take up some of the slack, still are disorganized.

Nor is it possible to make paper without wood pulp, and for that commodity the mills must compete with the housing program and with the growing use of pulp for such products as rayon, cellophane, cellulose nitrate and cellulose acetate plastics. And the pulp that goes into those lines is gone forever, as far as paper making is concerned, whereas in the past the industry reclaimed and reused as much as 25 per cent of the paper it manufactured each year.

Without half trying, paper users could consume nearly 25,000,000 tons this year, but they'll get less than 18,000,000 tons. That 7,000,000-ton deficit would accommodate a lot of news and plenty of advertising. The news is available, and so are the ads, yet there is no paper. The war is over—but not for the publishers.

If All Were Like RFC

In asking extension of the Reconstruction Finance Corporation, President Truman says it is likely to be a permanent agency although created for an emergency.

RFC, set up by the Hoover Administration during the depression, has proved its value, unlike many of the New Deal agencies whose prime purpose has seemed to be to spend the taxpayers' money, compete with private enterprise on specially preferential terms or advance certain social or economic theories.

Under Jesse Jones, RFC was managed on business principles, loaning funds on security or in accordance with the financial soundness of the borrowers.

As Mr. Truman says, it still has a useful role to play in peace. If all of the government independent agencies had been conducted after the same fashion, they would not have invited the criticism by Senator Byrd and others of constituting "an invisible government of the United States."

Mr. Truman discloses that these half-hundred corporations as a whole will incur a deficit of four billion dollars during the new fiscal year starting July 1.

Much of this loss is unavoidable, since they pay out subsidies and dispose of surplus war goods below cost.

Not until Congress acted were these 44 corporations, with a borrowing power of more than 33 billion dollars, required to submit a balance sheet and have their figures audited by the general accounting office. But with the exception of RFC, the reason for postwar continuance of many of these agencies should be clearly shown before Congress grants a new lease of life.

One Man's Opinion

By WALTER KIERNAN
(Distributed by International News Service)

There is new proof that labor and management can cooperate in a worthy cause.

On May 15, coal-burning railroads will cut passenger traffic 50 per cent to save soft-coal. On May 18, the railroad unions will cut the other 50 per cent.

The rail tieup will not be without its brighter side . . . numerous people who would visit other people will stay home.

This will make both sides very happy.

The outlook for flour is poor. Present indications are that mammy's little baby is going to get less shortnin bread.

Rye has gone up two cents a pound and scotch is hard to get at any price.

Mr. Truman says controls on meat will not be dropped . . . you will remember meat is that stuff around which Sunday dinner used to be built.

And they laughed at Hoover for promising a full dinner pail!

Red Cross Symbol Can Be Used When In Use Before 1905

WASHINGTON, May 7.—(INS)—The Supreme Court held Monday that the Red Cross name or symbol may be used by advertisers who registered it as a trade-mark before 1905.

The question arose on appeal of the Federal Trade Commission from a Circuit Court of Appeals ruling that the A. P. W. Paper company, Albany, N. Y., which began to use the symbol in 1897 was exempt for FTC action under the American Red Cross Act of 1905.

The FTC had ordered the paper company to desist from using the name and symbol on its paper towels and toilet tissue, on the ground it deceived the public into believing the products were sponsored or approved by the American Red Cross. Justice Douglas wrote the unanimous opinion of the court, which found that Congress in writing Red Cross law had preserved the right of earlier, good faith users of the symbol to continue to use it.

Henry Home Children Observe Birthday Of Marcus Feuchtwanger

In memory of his father, the late Marcus Feuchtwanger, who served for many years as the president of the board of the Margaret Henry children's home, Abe Feuchtwanger of Philadelphia sponsored a party for the children of the home Monday evening.

The day marked the 85th anniversary of Mr. Feuchtwanger's birth and was observed with a short memorial service and prayer by the children. Later, the youngsters enjoyed the playground equipment which had been donated by B'nai B'rith in honor of the late board president. The entire dinner was provided for by Mr. Feuchtwanger's son.

LENA OFFREDA HAS CHURCH WEDDING

Before the altar embanked with palms, ferns and flowers at St. Vitus church, Miss Lena Offreda, daughter of Mr. and Mrs. Louis Offreda, of 908 Pollock avenue, became the bride of Edward Colatlingio, GM 3-c. son of Mr. and Mrs. Antonio Colatlingio, of 201 South First street, on Saturday morning at 8:30. There was a large circle of friends and relatives assembled to witness the event.

Rev. Fr. Francis Pirulli officiated using the double ring ceremony. The bride was given in marriage by her father.

The bride was attired in a white organdie gown, with high crown and long veil. She carried a bouquet of white calla lilies, centered with two orchids. Her only jewelry was a necklace, a gift of the groom's mother.

Maid of honor was Norma Colla, wearing a peach organdie gown with blue accessories, carrying a bouquet of yellow tea roses.

Bridesmaids were Camella Micco, Lena Retone, cousins of the bride, Lillian Mastern, Carmella Colatlingio, sister of the groom. They all wore blue taffeta net gowns carrying bouquets of red roses.

Best man was Francis Shumack. Ushers were Alex Micco, Johnny Tedure, Johnny Cast, Richard Morant.

A splendid wedding dinner was served at King Humbert Hall, with about 150 present. In the evening, 250 guests attended a reception in the hall given by the couple.

The new Mr. and Mrs. Colatlingio left for a trip to New York City, and upon their return will take up residence in the home of the groom's sister at 202 South First street. The groom is stationed at Bainbridge, Md.

Minority Problem Uppermost In India Says Indian Teacher

Westminster Students Hear Miss
Manjat Rai Discuss Problems
Of Indian Nationalism

NEW WILMINGTON, May 7.—"Before the Indian people will unite into a federation the problem of minority groups will have to be settled," Miss Manjat Rai, teacher at Kinnaird College for Women in India, told Westminster college students and faculty at this morning's chapel. Miss Rai has just completed graduate work on a master's degree in history at Radcliffe college, Cambridge, Mass.

"The Mohammedans would prefer to have a separate federation of the five provinces in northern India where most of them are settled," she said.

The minority attitude against a central government which Great Britain has proposed has developed because of a nationalistic awakening which has made the minority conscious of itself, fears about which group would exercise the most power under a democratic arrangement, and an economic division which is similar to the group division with the Hindus in the capitalist role and the minority in the laboring class.

"At the moment the United States has far more influence on India than Russia," she believes. "While Russia and Great Britain have axes to grind the people feel that the United States could help settle the problem on its own merit."

Baby Chicks Are Burned To Death

BUTLER, Pa., May 7.—A hundred baby chicks burned and damaged, estimated at \$300, resulted on Monday when fire broke out in "Eddie's Shoe Shop" on Washington street, Evans City.

The fire is believed to have started in the chicken brooder, located in the rear of the shop. The shop, owned by Ed Kosinski, is located in a two-story building above a garage.

While the owner slept, 20 feet away, an unidentified motorist noticed the blaze and spread the alarm. Quick work by the Evans City volunteer fire department saved Kosinski's car, which was in the garage, and most of the shoe repair equipment.

To Participate In A-Bomb Tests

John E. Wilson, chief yeoman, 701 North Cedar street, has been assigned to the naval medical research section and will participate in the joint army-navy atomic bomb tests at Bikini Atoll in July.

Before being assigned to duty with "Operations Crossroads," Yeoman Wilson was with the personnel accounting and administration divisions of various Seabee units. Wilson was employed by International Business Machines company and the Pennsylvania Power company prior to his entrance into the naval service, December 17, 1941. He has served in the Asiatic-Pacific and Philippines areas.

MARCH BUILDING IN BIG INCREASE OVER 1945 FIGURES

HARRISBURG, May 7.—(INS)—A 15-fold increase in commercial and residential construction during March contrasted with the same month in 1945 was indicated today in a report of the Department of Labor and Industry.

The report revealed that improvements in 257 communities in March 1945, were estimated to cost \$2,042,957 while two months ago 308 communities had licensed construction totaling \$31,439,209.

No mention was made in the report of the type of construction involved.

thus far he has been unable to persuade his fellow members to vote on the issue.

No member thus far has been willing to vote "no" on whether newsmen are to be admitted to the discussions, which take place in the dining salon of the palatial former Japanese embassy.

Berendsen has staunch support from Sir Gunga Bajpai, the Indian member of the commission.

Both contend that it is an anomaly to have the United Nations meetings open to the public while keeping the Far Eastern proceedings secret.

The light-tip policy is supported faithfully by the American delegate and chairman, Gen. Frank McCoy, who seems reluctant to force the issue.

Baseball Union Projected
Don't be surprised if major league baseball players actually succeed in forming that much-discussed union one of these days.

All that talk in Boston about unionizing the horsehide knockers is no idle threat.

Some club owners have been pooh-poohing the idea on the theory that baseball players are too individualistic and salaries too adjusted to abilities for unionization.

Boston Attorney Robert Murphy, instigator of the plan, is no stranger to labor relations. He has been a lawyer for the National Labor Relations Board and now is a labor consultant with private practice.

Organized baseball has been a tough nut for unions to crack. But Murphy may be the one to do it.

Abdication Of Italian Monarch Is Now Foreseen

ROME, May 7.—(INS)—Premier Alcide De Gasperi's return to Rome from Paris today will signal the beginning of the final day of the reign of Italy's King Victor Emmanuel III.

Abdication plans of the monarch who for 46 years has tenanted the troubled Italian throne were revealed to International News Service by unimpeachable sources.

The king and his premier will meet for final consultations, and tomorrow Crown Prince Humbert is scheduled to take over as regent until a national referendum June 2 settles the ultimate fate of the House of Savoy.

King Victor's momentous step will coincide with the first anniversary of Italy's liberation, and the eve of the 11th anniversary of his assumption of the title "Emperor of Ethiopia."

THE GREAT GAME OF POLITICS (Continued From Page Four)

the fact—and so recognized inside and outside the CIO—it could not be otherwise. The Negroes, who make up so large a part of the population in the South, present the most fertile field for the CIO organizers. Cultivation of them already has begun by the Communists, who are urging the Negroes to register as Democrats, in order to nominate for Congress "our friends." While anxious not to be publicly linked with the Communist organizers, the CIO organizers will work on the same lines. There are no others. Now, no one who knows anything about the South can regard this prospect without apprehension. It seems impossible to avoid an increase in bitterness and bad feeling.

WEIGHING all the circumstances, if the Democratic national management should continue in 1946 the same kind of political closeness and subservience to the CIO that marked the campaigns of 1936, 1940 and 1944, the possibility of another break in the solid South should not be too lightly dismissed. In three campaigns the South has stood by the Democratic ticket. While it detested the Democratic alliance with the CIO, it disliked the New Deal policy realized it was being played for a sucker.

SOME DAY the South, fed up, may revolt again. If this CIO drive to "organize" goes as far as the CIO organizers plan, 1946 and 1948 easily may be the time. In this connection it is interesting that the Messrs. Joseph and Stewart Alsop report in their column that Chairman Hanneagan, who until recently had been insisting that the party must continue its CIO "thrust," has "cooled off" toward the CIO, been "disillusioned" as to its political power. Partly, this is attributed to a practical and thorough checkup of CIO membership in Chicago by Boss Eddie Kelly, with the resulting discovery that a considerable proportion of the 200,000-claimed membership does not vote Democratic and is not Democratic; and partly to the fire which indignant Southern Democrats have built under Mr. Hanneagan.

IN other words the suggestion is that the South not only has been played for a sucker by the national party management, which has allied itself with the CIO, but that the national party managers also have been played for suckers by the CIO, whose voting claims are phony and which, when checked up, cannot deliver its own members. They all supported Mr. Roosevelt, but not because they were delivered. Mr. Roosevelt will not be running in 1948 and neither the South, the labor, nor the Negro vote can be counted upon as safely as before. And so far as the CIO labor leaders—the Hillmans, the Murphys, etc.—are concerned, they cannot go Republican anyhow. That is another thought which Mr. Hanneagan might find "disillusioning"—provided he thinks.

SAY 993 PERSONS COMMITTED SUICIDE IN STATE IN 1945

HARRISBURG, May 7.—(INS)—The State Health department reported unofficially today that at least 993 persons committed suicide in Pennsylvania last year compared with 934 in 1944.

George E. Greenwood, director of the Bureau of Vital Statistics, said it was expected the number would increase slightly when statistics were completed.

Three years ago, Greenwood added, 976 persons committed suicide.

PIN-WORMS LICKED AT LAST!

People don't talk about Pin-Worms—but more than you'd suspect have this ugly infection with its embarrassing rectal itch. However, it is no longer necessary to suffer. Today, thanks to a special, modern, medically recognized drug, a real treatment has been established. This drug is the vital ingredient in P.W., the small, easy-to-take Pin-Worm tablets developed in the laboratories of Dr. D. Jayne & Son. They act in a special way to remove Pin-Worms.

So watch out for warning signs that may mean Pin-Worms in your child or yourself. Don't delay! Ask your Druggist for JAYNE'S P.W. and follow the directions. It's easy to remember: P-W for Pin-Worms!

THE PARENT PROBLEM (Continued From Page Four)

left a few hours. No one but myself actually knows the difference if a few tasks are left undone, and—even if my husband did know, he would not consider them worth worrying about.

"I have just wanted to tell you I appreciate your advice to us parents. Don't you worry about being criticized. If everyone agreed with all you said, you wouldn't believe them anyway."

Grandma was about right in many ways. When the youngster was worn and out of sorts, she would stop her work, take him on her lap, and

die him, rock him and sing to him, after which the world was much brighter. And when he was clearly naughty, she turned him over her knee and smacked him.

FORBID SOVIET TANKER TO ENTER LOS ANGELES PORT

WASHINGTON, May 7.—(INS)—The state department explained Monday that the Soviet tanker Taganrog has been denied entry into Los Angeles harbor due to failure

to obtain prior clearance for admission required in the case of all foreign naval vessels.

In response to inquiries a spokesman for the department said the vessel appeared outside of Los Angeles harbor Saturday and sought to enter.

The spokesman said that the state department still has failed to re-

ceive any official request from the Soviet government for the Taganrog's admission and the matter is under investigation by the appropriate government agencies.

The Basques of northeastern Spain and southwestern France speak a language totally unconnected with either French or Spanish.

Cancer Drive Lags In County

Campaign Still Beneath Quota; New Wilmington Dontaes \$556 To Cause

Despite an extension in the nation drive for funds to combat cancer, the total in Lawrence county is lagging far beneath the goal of \$12,000.

Latest reports, released today by the county association, show that \$3,487.38 has been donated to the cause, which is roughly only one-fourth of the quota set for this area.

New Wilmington added her check to the fund total today, giving \$556.04 to the campaign. This community drive was under the chairmanship of Harold Burns and the canvass of the town was accomplished by the New Wilmington Rotary club. The club donated one evening to a house-to-house coverage of the community.

County officials working in the campaign, with the honorable John G. Lamoree as chairman, know that the city of New Castle, as well as the county as a whole, has given generously and often to many drives of various sorts during the past few months.

Important as these past campaigns were none of them possessed a more earnest appeal or had any more urgency than the one we are engaged in now.

Fall Enrollment In State Schools To Be Only 7552

PHILADELPHIA, May 7.—(INS)—The Veterans Administration announced today that there will be opening for only 7,552 new students in Pennsylvania's universities, colleges and professional schools next fall.

Using statistics compiled during a nationwide survey, the VA disclosed that only 46 schools in the state, which already has an estimated overflow of 24,000 students, have openings for newcomers.

La Salle college reported they could take 500 additional students by fall, while St. Joseph's college said it could accommodate 400 more. Penn. Swathmore, Haverford, and Penn State are over-subscribed but Temple university may have room for 1065 through the use of additional facilities.

Musicians Union Halts Radio Show

BERKELEY, Calif., May 7.—(INS)—A University of California radio show was limited today on one note on a piano for glee club singers—possibly a good strong "A."

Carol Mathews, a senior student and director of the University Radio Workshop, reported the scheduled Variety Show was cancelled last night because of a union demand for employment of stand-by musicians.

A half-hour play was substituted for the scheduled Variety Show broadcast by an Oakland, Calif. radio station.

Miss Mathews explained: "We'll just have to give programs without musicians, that's all. We have no budget for that. The American Federation of Musicians did, however, make one concession—we'll be permitted one note on a piano for glee club programs."

G.I. Training Group Organizes

Committee Meets In School Administration Building Monday To Outline Policy

Those appointed to serve as the committee for Area 4 of the Veteran Training Facilities, Pennsylvania Department of Public Instruction, met Monday afternoon in the school administration building for a discussion of method and policy.

On the committee are: Earle M. Cass of the New Castle public schools, chairman; Mont Frederick of the Butler public schools; A. Lewis Conn and William Bischoff, directors of veterans' affairs in Lawrence and Butler counties respectively; Ralph T. Jordan of the local U.S.E.S. office, and L. H. Lowman of the Butler U.S.E.S. office; Worrell Jones, head of the sub-regional Veterans' Administration office located here, and John Alwine, director of Federal Apprenticeship training.

This group, which will handle all the applications for on-the-job and apprenticeship training in business and industrial establishments in Lawrence and Butler counties, started today to make investigations of places which have made application. Application blanks may be secured from the school administration building, from the Veterans' Administration, or from the U.S.E.S. office, and may be sent either to Harrisburg, or directly to Mr. Cass's office. After the investigations have been made, the committee will approve or disapprove the request, and acknowledgment will be sent out to the firm from the local committee.

L.C.U.S. Group Conducts Session

'Sodalite', L.C.U.S. News Bulletin, Distributed At Regular Meeting

Regular meeting of the Lawrence County Union of Sodalities was held Sunday at St. Mary's church with prayer led by Rev. Fr. Albert M. Christ. The sodality hymn, "Christ the King," followed. Eucharistic Chairman Rita Cherby spoke on the bishop's jubilee. Our Lady's chairlady Peg O'Leary spoke on the Angelus, when and how it should be said. Business managers of the "Sodalite", the sodality's news bulletin, Honora Cunningham, distributed the paper to the sodalities present.

Comments on the "Day of Recollection" were given by the guests present. They congratulated the girls on such a fine turnout. The meeting closed with prayer and the hymn "Mother Beloved," after which delicious refreshments were served by the St. Mary's sodalities.

St. Lawrence Church May Day Crowning

May Queen, Theresa Gregg, Crowns Statue Of Blessed Virgin Mary

Sodality of Our Lady of St. Lawrence church, Hillsville, conducted beautiful services honoring the Blessed Virgin Mary, Sunday afternoon, the May Day ceremonies being conducted in the church.

Rev. Fr. Charles Galati, pastor of church, crowned the May queen, Theresa Gregg, and she in turn crowned the statue.

Assisting Miss Gregg at the ceremonies were her attendants: maid of honor, Marie Kennedy; and Lena Relone, Eleanor Donofrio, Anna Marie Sackin and Mary Louise McCree.

Crown bearers were Theresa Mitnica, Constance Masquel, and leader, Jean Gregg.

A living rosary was recited with all sodalities participating. Prefect Mary Veltre led the recitation.

CAMPUS CLUB ELECTS OFFICERS

NEW WILMINGTON, May 7.—Mrs. Wayne Christy has been elected president of the Campus club at Westminster college for the next school term, 1946-47.

Other new officers elected are: Mrs. Rose Ellis, vice-president; Mrs. William J. Thomas, secretary; and Miss Martha Barnhill, treasurer.

It seems like yesterday

It seems like yesterday that Nancy was playing with dolls. Now she's pushing her own baby carriage. Yes, there've been a lot of changes in the last twenty years—most of them so gradual we hardly noticed them at all.

Nancy didn't grow up all at once. A tooth at a time—a curl at a time—an inch at a time—and suddenly a little kid sister was Mrs. Joe Jones, mother of Joe, Junior.

Like Nancy, the use of electricity has grown a lot in the last twenty years. But the price of electricity has been

going down steadily. You may not have noticed it because your bill probably stays about the same—but how many appliances have you added to your home since 1926? Actually, you're getting twice as much electricity for your money now as you did then.

Keeping electric service plentiful and cheap through years of rising costs was not easy. That today's electricity is at its very lowest price in history is a tribute to the hard work and experience of the men and women in the industry, and to its sound business management.

PENNSYLVANIA POWER COMPANY

A.F.L. Convention In Philadelphia

PHILADELPHIA, May 7.—(INS)—Delegates representing 350,000 AFL workers in Pennsylvania met today in the second day's session of the 44th state Federation of Labor to hear an address by State Secretary of Labor William A. Chesnut.

Slated for this afternoon's session was a talk by L. Roy John C. Bell. The five-day convention attended by 900 delegates heard Gov. Edward Martin open the meeting in Philadelphia's Town Hall yesterday.

The initial session was marked by pleas from Gov. Martin and U. S. Sen. Joseph F. Guffey for support

in their bids for the U. S. senate in the coming election.

Sen. Guffey charged that the Republican administration had praised labor publicly for its "magnificent contribution to the war" and had given it "a swift kick in the pants" privately.

Governor Martin called for an integrated national labor policy as a remedy for the current industrial ills and urged the AFL members to fight for preservation of free enterprise.

EDENBURG

The missionary women of the Christian church will hold their regular monthly meeting and dinner at the home of Mrs. Fred

Coates, of First street, on Thursday, May 16.

The Edenburg Memorial association will hold a business meeting in the Methodist church, on Thursday, May 16, at 8 o'clock.

Mrs. Kathryn Roberts, of East street, spent Friday at the home of a friend in East Brook.

Mr. and Mrs. Joseph McConnell of Washington, D. C. visited at the home of Mrs. Clarence Jones Friday.

Cadet Nurse Jean Roberts, of Jameson Memorial hospital, was a guest over Thursday night of her mother, Mrs. Kathryn Roberts.

Mr. and Mrs. Blaine McCullough, of Struthers, spent the day recently with their niece, Mrs. Clarence Jones.

Mrs. Mayme Ashton, of New Castle, spent Sunday at the home of her aunt, Mrs. Priscilla Stanley.

"Congressional Courtesy" Would Dictate Your Vote

In the past week there have been published letters from two congressmen, one from Iowa, one from Massachusetts, each of them designed to influence votes for Congressman Louis E. Graham. Each of them speak fulsomely of his "record". One of the congressmen, Joseph W. Martin, is from Massachusetts and is the minority leader in the House.

On April 13, 1946, I wired Congressman Martin as follows:

Hon. Joseph Martin M. C.
House Office Bldg.
Washington, D. C.

I am a candidate for Congress, Republican Primaries, 25th District, 36 years of age, married, 2 children, college graduate, recent dischargee from active combat duty with U. S. Navy. Believing that I will be more of an asset to the party in the Fall election than Mr. Graham who has consistently fallen farther behind his ticket, I do not think that you should intervene in a primary contest in this district and allow your name to be used in his behalf as you did two years ago. If I came to Congress I would not want to come thinking that the Republican floor leader had opposed me in the primary. Please wire at my expense as to your attitude in this matter.

WILLIAM C. SELTZER

(Delivery of this telegram confirmed by Western Union. To date the courtesy of a reply has not been extended.)

The question now arises in the minds of Republican voters in the 25th district — WHY? Why is it necessary to have congressmen from far away districts extolling the record of Congressman Graham.

Who are these gentlemen? What do they know of the wishes of the voters of the 25th district? And why should they suddenly decide to write letters in anyway? Were these letters inspired? Were they necessary?

And what record do they mean? Do they mean Congressman Graham's record before Pearl Harbor when he voted against practically every preparedness measure that was presented? Are they referring to his reactionary record on legislation that affects the welfare of the citizens?

Or are they merely practising the well known "congressional courtesy". That age old idea of "you scratch my back and I'll scratch yours".

The Republicans of the 25th district are well able to make up their own minds upon whom they want for Congress without aid from congressmen from Iowa or Massachusetts.

Vote for William C. Seltzer on May 21st, first name on the ballot. Vote for a man who believes in the future of America and who wants to do something about it now.

George W. Cook, Jr., Chairman.
Seltzer for Congress Committee.

**More People Are
Wearing Cowboy
Boots Than Ever**

FOR FORT WORTH, Texas.—(INS)—On a sun-blasted atoll in the Southwest Pacific, a soldier sat on a dropping army cot and bent forward in a strange routine.

One sweating foot was planted solidly on a piece of brown paper he had scrounged. Painstakingly, he pencilled its outline.

Then he measured the distance around his foot at the lower instep, then the higher instep, then his heel to higher instep and finally around the ankle and calf of his leg.

Carefully, he noted all these measurements on the paper with the diagram. When he had duplicated the performance with his other foot, he folded the papers into an envelope and added a brief note to the "L. White Boot and Saddle Shop, 2461 North Main, Fort Worth."

It said: "Here are my measurements. Please make me a pair of riding boots. They say I will be out of the army July 1, and I will pick up the boots the first thing as soon as I can get to Fort Worth. I want them waiting for me. Thanks."

Boots Will Be Waiting

It's a long time until July 1, but the boots will be waiting. I saw them down at the little leather-smelly shop by the stockyards where Louis White and his dad before him have been making boots and saddles by hand for cowboys and kings, movie stars, mayors and world champion rodeo riders for nearly half a century now.

It's a good thing the soldier sent in his order well ahead of time, for even a boot-maker has his troubles in the postwar world. Business, it seems, is so good it's bad.

"More people are wearing cowboy boots now than ever before," said 47-year-old Louis who has been making boots since he was 16. "You'd be surprised. Even in the east. Don't know why they want them but they do. And that's on top of the regular ranch, rodeo and movie star trade."

Which would be fine, except—

Leather Hard To Get

"Leather's harder to get than even during the war," he continued, running fingers through hair as white as his name. "The tanners are shipping it overseas—they get more that way—or else holding out until OPA ceilings are raised or ended. And it's a problem to get boot-makers. The old-timers are dying, and the youngsters don't seem to be going into the trade."

As a result, the shop which hires 42 men now—and they're not "team" or "piece" boot-makers; every man starts and finishes his individual pair—is 1600 orders behind schedule right now, despite turning out some 130 pairs a week. That means about 60 days from order to delivery.

But the delay doesn't deter boot-buyers. As unpossessing as when L. White was the elder first hung out the big sign of the boot at the century's turn, the shop probably is the world's best-known among range and rodeo riders and even drugstore cowboys.

Official Rodeo Shop

It's the official boot shop for the world's championship rodeos for seven years now, the shop has turned out every pair of boots given to the Madison Square Garden rodeo—the only shop ever so honored. This year it's even making the saddles.

The list who have worn boots from the dimly lit little shop where leather is king is long and star-studded. Back in the old days, the late Tom Mix and Tex Austin topped the movie stars and professional cowboys who bought here. Some of the rodeo boys swapped their boots off to envious royalty while touring Europe. And all the while, ranchers and cowboys came to be measured for calfskin work boots—none of this fancy kangaroo is kidskin.

They still come, and nowadays it's Gene Autry who heads the Hollywood pack with every pair made here. From the east, Colonel Jim Eskey, another rodeo promoter of the Tex Austin tradition, is having a pair made now. And when the "Little Flower" decides to grow a couple of inches, ex-New York mayor and current UNRRA boss La Guardia struts forth in a pair of White's cowboy boots.

Main problem nowadays is one which sort of surprised even 85-year-old Barney Myers—oldest active boot-maker in Texas—who still turns out five or six pairs a week at the shop.

"It's these young cowboys coming out of the army," said White. "They all want boots, and they all have to be measured over again—especially if they were in the infantry. Their feet got bigger or grew callouses or just naturally spread out in those G. I. shoes!"

I always knew it!

IN THE OPEN

The purist who wades the streams with his hat band full of flies, looking down his nose at the "bait" fisherman, is perhaps entitled to his smugness. If he can score consistently with the artificials he is quite a fellow. I have enjoyed some great sport with the dry fly in open trout water, and am also partial to the fly and spinner combination in reaching out for those small-mouth bass that persist in frequenting the wide, shallow rips in the larger bass streams. This is clean, sporty fishing, and a lot of fun.

There are a great many poor misguided souls who go through life this way, disdainful to use the lowly anglerworm, or the minnow or any other of the natural baits. Some of these fellows won't even associate with the angler who sensibly sizes up the water and fishes with what the fish are "taking". In my book these purists are misbegotten.

Half the fun in fishing is setting the bait, particularly when setting for minnows or kicking out hellgramites.

Foray for Minnows

A few days ago I set out on a lone foray to pick up a bucket of small minnows for some trout work. We were camped well back in the mountains and I drove several miles before locating a meadow brook which promised good hunting. This brook follows a devious path between high banks, with alternating rapids and short deeper stretches in which a multitude of small fish scurried about as I investigated. I untied the two-handled seine, stepped into a likely pool and made a scoop.

The net came dripping clear of the water, displaying a catch which included a dozen or more minnows, a small chub or two and even a baby pumpkin-seed sunfish. The little black-nosed dace, which are as so much ice cream and cake to the brook trout, were evidently feeding on the minnows. For the net held none of these "stripers". Trout can be taken on minnows, but not so readily as with the dace, which is also native to the trout streams. I emptied the net back into the pool and tried a different trick.

Above Deeper Pocket

At the next pool upstream I stepped into the water in the flat fish-shed above the deeper pocket, deliberately kicking over the rocks and creating a cloud of mud and silt which soon obscured everything. Then I made a fast down stream scoop with the seine through the pool below. This time the net held the usual miscellany and included a half-dozen of the little fellows I was after. They moved into the bait bucket and the remainder of the catch went back to the stream.

By bracing the net below a dozen or so of these rocks and turning them over in the current I was able to pick up a few sizable hellgramites, as well as a stone-cat or two and various other insects of the stream bottom. There were several sucker fishermen doing on the red rock, with set poles and their baits in the deeper parts of the abandoned dam.

I rigged up for pan fishing, using a No. 4 snook hook, and started casting into the eddy where the dam "falls" off into the downstream channel. The water was low and clear and there were no signs of any fish. Finally a large fall fish took the lure and gave me a few moments of fast action. I returned him unharmed to the water. The next fish I took was proved to be a small-mouth bass. It's not too wise to be seen hooking bass until July rolls around. I released the bass carefully and lit out for the camp.

**Coal Strike Effect
On Demobilization
Is Being Studied**

WASHINGTON, May 7.—(INS)—The government's scheduled transportation embargo posed for the army today the potential thorny problem of meeting overseas demobilization schedules at expense of the surplus property program.

This condition was revealed during an interview with army transportation experts who disclosed that they were studying implications of disruptions of a long-range coal strike.

A spokesman said that no line of action has been decided upon should the coal strike continue over a period of several weeks, adding that "numerous policy decisions would be required were the strike protracted."

**Zionist Leader
To Address Groups**

Miss Grace Buchstane, National Field Worker, Here On Behalf Of Youth Work

Miss Grace Buchstane of West Hartford, Conn., national field worker for the American Zionist Youth Commission, will address the city's branch of Junior Hadassah, the young women's Zionist organization of America, on Thursday evening at the home of Mrs. Alan Winick, Butler road.

Members of the New Castle unit of Junior Hadassah will hear Miss Buchstane's views on how further to strengthen the work of their group specifically with regard to their activities in the field of general Zionist youth work.

The New Castle unit of Junior Hadassah is one of 265 groups in 42 states and like the others, is carrying on a campaign for members and for funds to support the organization's educational, social service and settlement projects in Palestine.

Miss Grace Buchstane is meeting with the Jewish Youth Commission of New Castle at a luncheon on Friday to discuss future plans of the commission in this city.

The Deborah Girls, the New Castle group of Young Judaea, will be addressed by Miss Buchstane, Friday at 4 o'clock at the Cosmo club.

**Style Show, Tea
At Senior High**

Small tables, attractive with spring flowers, were set up in the main hall of the Senior high school Saturday afternoon when the Business Efficiency club of the school gave a tea in honor of alumnae of the club, the girls of the senior class, and their mothers.

Palms and ferns decorated the hall itself, while music by an all-girl orchestra formed the background for the afternoon's activities. Members of the orchestra, who had been trained by Joseph F. Replogle, were: Eleanor Lutten, Blanche DiCola, Sylvia Moresky, Velma Bernard, Dorothy Caldwell, Barbara Mitchell, Margaret Black, Connie Branstetter, Olive Judaea, Patricia Smith, Joan Chapin, Maria Baatz, Joanne Reed, Anita DeVivo, Beverly Tumble and Mary Kelch.

For an hour, the guests were shown spring and summer clothes by a group of senior girls under the supervision of Miss Ruth Wallace of the home economics department. Tea was served by a committee, with Mrs. John Cassidy, Joan Dufford and Shirley Sanfilippo pouring.

On the reception committee were Miss Marjorie Nelson, assistant principal, and the following club officers: Adrienne Webber, president; Lucretia Fulena, vice president; and Barbara Johnson, secretary. Marian Forrest, treasurer. General arrangements were under the guidance of Miss Myrtle Lord, club supervisor, and the club of seniors.

Fashions modeled by the senior girls were described by Anne Terrence.

**Dates Are Changed
For Registration Of
Beginners At School**

Instead of registering on the dates previously announced, children who will be six years old before February 1, 1947, should be registered on the afternoons of May 15 and 16, according to an announcement from the office of Superintendent of Schools Frank L. Burton.

Registration should be at the schools which the parents expect the child to attend. If a family plans to move before the beginning of the next school term in September, the child should still be registered at the school nearest his present home.

DAUGHTER HONORED ON ANNIVERSARY

At the home of Mr. and Mrs. William Metz, of 923 North Cedar street, a group of 18 young folks gathered on Sunday afternoon from 2 to 8. The occasion was for the celebration of their daughter, Judith Ann's, fourteenth birthday anniversary.

Music and various games were the pastime of the afternoon and evening.

The hostess served a delicious lunch, and was assisted by Victoria Macozzi and Victoria Fishovitz. The honored guest received a number of beautiful gifts.

BIRTHDAY PARTY HONORS DAUGHTER

On Monday afternoon a group of young folks assembled in the home of Mr. and Mrs. O. C. Bowers of 403 North Cedar street. The gathering was to honor the eleventh birthday anniversary of their daughter, Shirley Evinde.

Various games made up the diversion of the afternoon.

A delicious lunch was served by the hostess. A lovely birthday cake graced the table, with decorations of spring flowers.

Milk Mixture for Stomach Ulcers

A recent medical discovery now used by doctors and hospitals everywhere has proven unusually successful in the treatment of stomach ulcers caused from excess acid. It is a harmless preparation yet so effective, in many cases the pains of stomach ulcers disappear almost immediately. Almost recommended for gas, indigestion, heartburn, acid to hyperacidity. Sufferers may now try LURIN at home by obtaining a bottle of LURIN from their drug gist. LURIN contains this new discovery in its purest form. Easy to take. Just mix two teaspoonsful in a half glass of milk. Costs but little. Must satisfy or money refunded.

Write for LURIN to: L. J. Smith, Inc., and Drug Stores Everywhere.

GARDENS WELCOME RAIN

Charlie Dungan of Newell avenue says that the rain of yesterday and today will do well for the "garden stuff" as the ground had become somewhat dry. Charlie states that despite the contraptions above the lettuce, the sparrows set under the paper bags and enjoy their meals of salad; it is noticed that the young lettuce is fine for feeding young sparrows.

Retires After Half Century Of Service With B&O Here

After almost 52 years service with the Baltimore and Ohio Railroad, William W. Jones steam crane operator on the wreck train has been retired. From now on the haunting wreck whistle will be merely another a whistle to him not a call to duty.

Mr. Jones was born November 19, 1889 at St. Thomas, Franklin county, and was reared on a farm in Cumberland county. On January 6, 1895, he was married to Miss Mary E. Sheaffer by Rev. A. R. Avers, pastor of the United Brethren church in Shippensburg, Pa.

In 1893 Mr. and Mrs. Jones came to New Castle and for a short time

TRUCKERS BEAR 42% OF HIGHWAY COSTS IN STATE

HARRISBURG, May 7.—(INS)—The Pennsylvania Motor Truck association claimed today that 42 per cent of highway construction and maintenance costs in the state were being paid by commercial truckers who comprised only 20 per cent of traffic.

In 1945, the association asserted, truckers paid the state more than 30 million dollars in gasoline taxes and license fees.

Election Is Conducted In Aerie Rooms Monday By New Castle Lodge No. 455

At the annual election meeting of New Castle Aerie No. 445, Fraternal Order of Eagles, conducted in the lodge rooms on Monday, Harry A. Buckley was elected president for the coming year.

Other officers named were: vice president, George B. Coxan; secretary, James A. Maher; treasurer, Arles A. Crum; chaplain, Paul Buckley; trustee for three years, J. J. Nelson; conductor, Riley Campbell; inside guard, Frank Peterson. The new officers will be officially installed at the meeting of the lodge on June 3.

Palestine Moslems Plan Resistance To Immigration

JERUSALEM, May 7.—(INS)—Boistered by promises of military support from an Arab army poised in Egypt, Palestine Moslems readied attack plans today against British and American proposal for increased Jewish immigration.

Militant Jewish organizations stirred as well. Walls of factories and homes in Jerusalem and Tel Aviv were plastered last night with posters declaring the recent report of the Anglo-American commission on Palestine "pronounces the death sentence of Jewish aspirations and cuts off a million Jews from Palestine."

Arab leaders throughout the Middle East, meanwhile, awaited a Russian answer to pleas for assistance in what was termed a "bitter dilemma."

Volant Men Hurt In Auto Accident

Leon L. Hunt, aged 24 and Ralph Shollar, aged 37, both of Volant, were treated at the Ochsbaum hospital, Grove City, for scalp lacerations, early Monday morning, after their car collided with one driven by Donald A. Campbell, aged 18, of A. D. No. 2, Grove City, at the Mercer-Blacktown and Grove City road intersections.

Both men were dismissed from the hospital after treatment. Damage to the two cars totaled \$350.

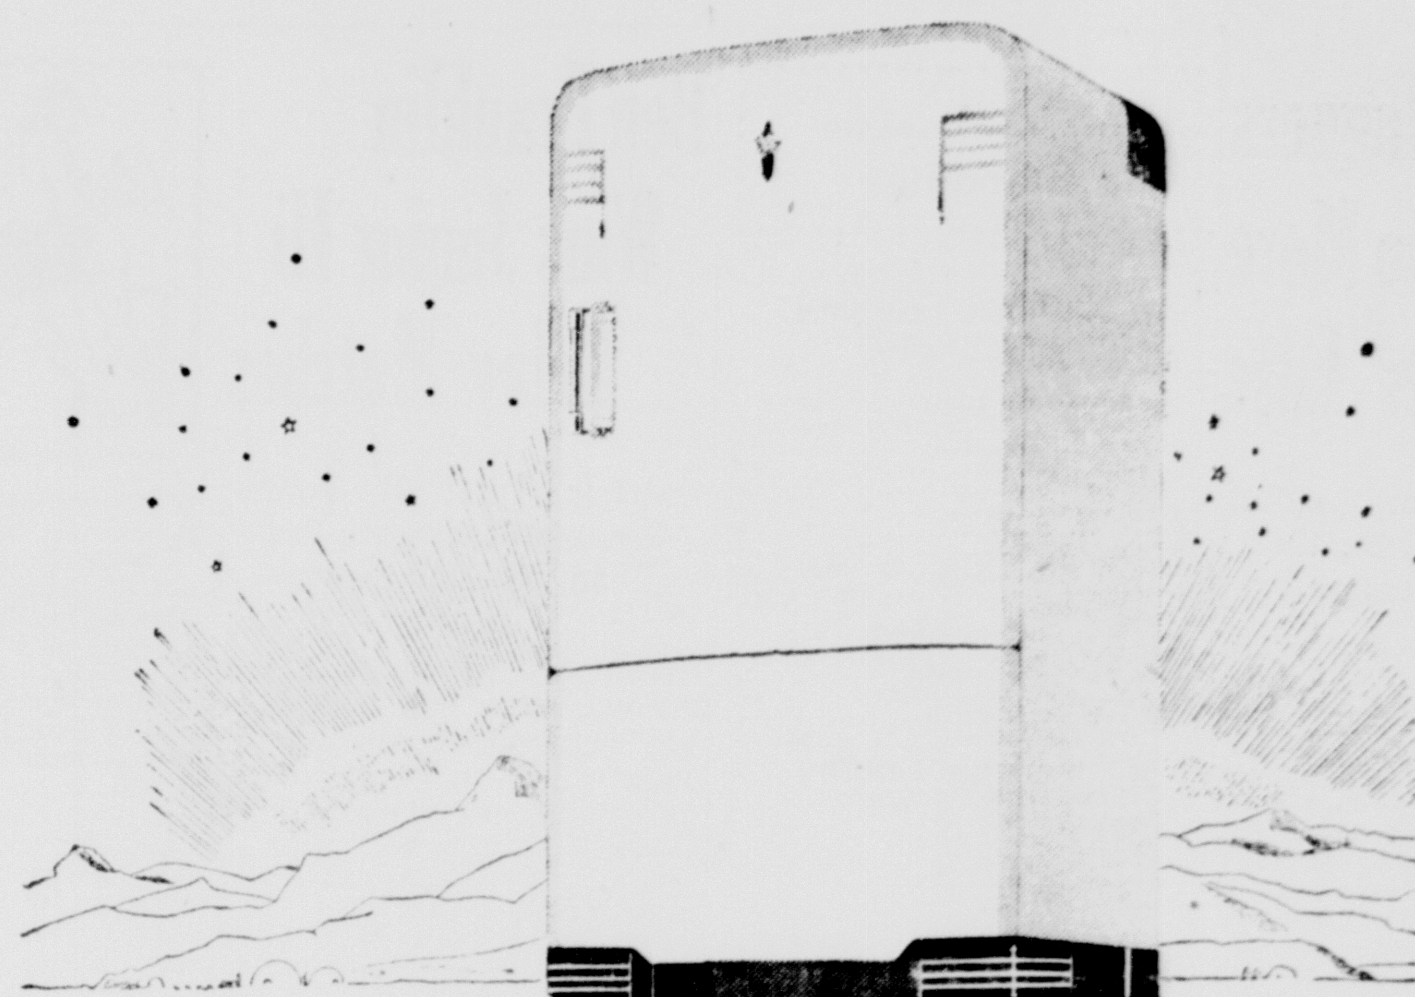

AUXILIARY TO MEET

Ladies auxiliary of V. F. W. No. 315 will meet at 8 o'clock Wednesday night in the post rooms, according to announcement today.

a Silence that "speaks" volumes for Gas Refrigeration

Not a whisper in your kitchen from a gas refrigerator—it's silent. It quietly keeps meats just right, vegetables garden-fresh.

But the reasons for its silence are eloquent, too. A gas refrigerator keeps still because there are no moving parts in its cooling unit. Hence, no noise, no friction, no wear. There's nothing to wear—or wear out. A tiny gas flame does the work.

Fortunate wartime owners will tell you how important this is—how glad they were that their gas refrigerators didn't need repairs when repairs were hard to get.

And when you beautify your kitchen with

this truly modern refrigerator, you get plus-convenience, too. Clever adjustable shelves make food arrangement really easier, there's plenty of space for meats and fresh vegetables—and a special roomy compartment for frozen foods.

It all adds up to years and extra years of satisfaction and convenience for you. So be sure to see the striking new models soon.

The demand was made on the local clubs by the American Guild of Variety Artists.

Nebraskan Finds Covered Bridges

LINCOLN, Neb. May 7.—Covered bridges are a thing of the past to almost everybody except Fred C. Williams, who collects pictures and data about them as a hobby. Photographs and stories about bridges in 22 states are included in the collection. Its latest addition is a picture of a snow-covered span in Iowa, the only one from that state. The Massachusetts highway department sent 8-by-10 glossy prints

of every covered bridge in the state, and those of Maine, Maryland, and Missouri contributed similar photographs. Williams also saves newspaper clippings, postcards and other items on the bridges.

Bridges in New England are the most interesting, Williams explains, because so much legendry has grown up about them. However, only about 200 are found in that region. According to his figures, Ohio has 600, Pennsylvania 350, Oregon 400, and Indiana 200.

A report compiled by the Bureau of Highway Safety showed that 269

HIGHWAY DEATH TOLL 445 DURING THREE MONTH SPAN

HARRISBURG, May 7.—(INS)—The State Revenue Department reported today that 445 persons were killed in motor vehicle accidents during the first quarter of 1940, an increase of 200 deaths over the same period last year.

A report compiled by the Bureau of Highway Safety showed that 269

automobile deaths occurred in rural areas while 176 persons died in traffic mishaps in urban sections. Two hundred and twenty-five pedestrians were injured in traffic on the 90-day period including 127 in urban areas, the report stated.

Boston Red Sox Have Three Game Lead At Present

Boston Sluggers Capture Two More As Yankees Lose

Four Bosox Hitters Leading League With Healthy Batting Averages

NATIONAL LOOP TEAMS ARE IDLE

NEW YORK, May 7.—(INS)—The new murderers' row of the rampaging Boston Red Sox, rivaling the feats of Ruth, Gehrig & Co., has captured two more victories over the Yankees today as the Sox ride the crest of their sensational 11-game winning streak.

Just consider what pulverizing power a palpitating pitcher faces when he tries to mow down these Sox sluggers. Johnny Pesky, Dom DiMaggio, Ted Williams and Hal Wagner, the four leading batters in the circuit, are averaging around .400 between them. And Williams, who got six out of seven yesterday, and Bobby Doerr are leading the league in runs-batted-in.

Pesky: Near Record

Pesky, who had hit safely seven times in a row, narrowly missed equalling a major league record yesterday as the Bosox beat the St. Louis Browns twice, 7 to 5 and 5 to 4. He collected four straight bingles, running his consecutive hit string to 11, before being thrown out as he tried to tie the Pinky Higgins mark of 12. Anyway, his feat stands second only to that of Higgins, and he now is leading the league in hits.

Dave Ferriss and Joe Dobson were the winning hurlers. Hits by Williams and DiMaggio were the night-caps in the ninth.

Yankees Beaten

Boston went three full games in front of the New York Yankees, who were beaten 2 to 1 when Souppaw Thornton Lee of the Chicago White Sox won his own game with a two-run single. Hard-luck Floyd Bevens was the losing hurler.

Virgil (Fire) Trucks lifted Detroit back into third place by holding the Athletics to six hits and beating them 3 to 1.

Washington knocked Steve Gromek out of the box and took the Cleveland Indians into camp, 7 to 4.

National league teams were not scheduled.

Umpires Assigned For League Games

Leo W. Hill today assigned the following umpires for the city league and Legion Junior league:

City League Tonight

At Lee Avenue: Bishop and Mielke; at Cedar street, Priscarro and A. Conti; at South Hill, Ferrucci and Demario; at Marshall field, Richards and Dombroski; at Washington field, Smolnick and Tropia. Game at Doshon Annex cancelled, the umpires were to have been T. Conti and Orlando.

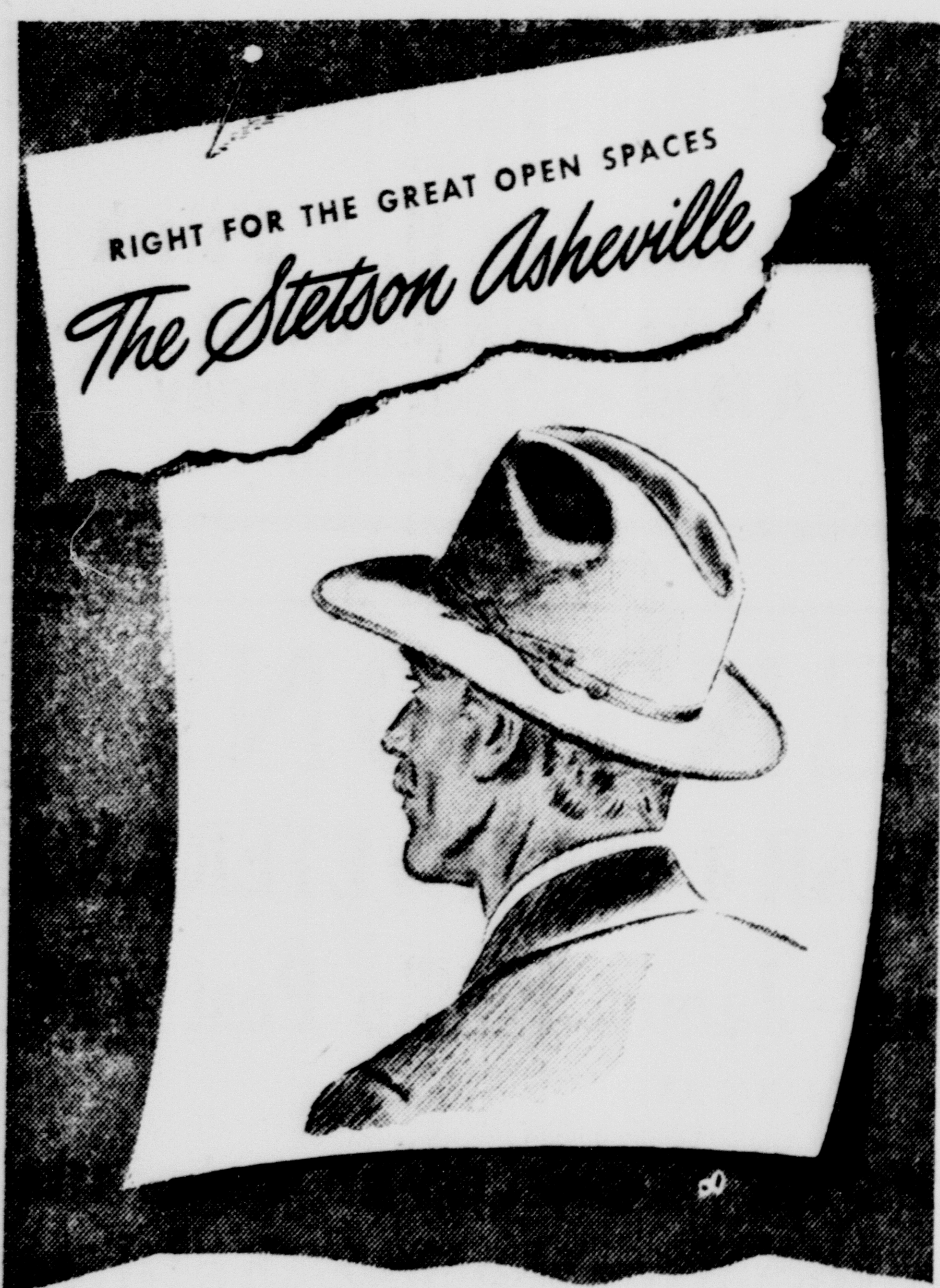

County League May 8

At Hillsville, Priscarro and A. Conti; at Edenburg, Orlando and Rotunno; at Ellwood V. F. W. Smolnick and Soblo.

Legion League May 8

At E. & A. field, Bishop; at Washington field, Fabian; at Cedar street field, Stevenson; at Marshall field, Richards.

Three all-America players will be available for the 1946 Penn State soccer team. Coach Bill Jeffrey says Dean Hartman of State College, Gene Graebner of Fair Oaks and Johnny Hamilton of Rochester Mills will return for the fall term.

IN the Asheville's swaggar styling, you'll find a sportsman's idea of perfection in a hat. The broad brim shades the eyes, and the casual slant of the crown is not only comfortable but correct for a score of leisure activities.

Jones Crowned Ping-Pong Champ

Al Jones Wins Three Out Of Five From Lawrence Gillett At "Y" Gym

Al Jones is the table tennis champ of the city of New Castle. Monday night in the Y. M. C. A. gymnasium, he took three games out of five from Lawrence Gillett to capture the title in the tournament. The scores were 21-15, 21-17, 18-21, 20-22 and 21-16.

Jones advanced to the finals last night by defeating John Dutkin in his semi-final pairing, 21-14, 21-15 and 21-10.

Trophies Awarded

Gillett had a battle on his hands getting into the finals, as he encountered stiff competition from Pat Mastrangelo in the semi-finals. The scores were 19-21, 21-11, 18-21, 21-9 and 21-12.

Both Gillett and Jones received handsome trophies symbolizing the championship and the runner-up in the tournament. A big crowd jammed the gym to see the matches and it is the hope of Jimmy Dart, physical director at the "Y", to stage another tournament next year.

High Track Meet With Butler Off

Shortly after 11 o'clock this morning Coach Bill Klee announced that the scheduled dual track meet with Butler High for this afternoon has been called off until Wednesday afternoon at 3:30 o'clock.

The incessant rains the past few days have made the stadium track unfit for running.

Elks Golf Loop Halted By Rain

The Elks club golf matches at the Sylvan Heights course for tonight have been postponed until next Tuesday evening, due to the incessant rain, it was announced by chairman of the golf committee, George Wagner.

Ben Franklin Wins Junior Hi Relay Matches

Patriots Total 27 Points; George Washington Second, Mahoningtown Third

Coach Austin Cowmeadow's Ben Franklin Junior high track team won the triangular relay matches at Taggart Stadium, Monday afternoon, with a total point score of 27. George Washington was runner-up with 21, and Mahoningtown trailed in third position with 15.

The Cowmeadow team took five out of seven events in the meet, losing only the Class III 440-yard relay, and the Class III 440-yard relay, these events being won by George Washington.

Wednesday afternoon the triangular track meet between the schools will be held at Taggart Stadium.

Results of the relay matches are as follows:

Class I, 440-yard relay: Ben Franklin (Dufford, Rich, Sanders, Burgen, George Washington, Mahoningtown, Time: 39.9 seconds).

Class II, 440-yard relay: George Washington (Koch, McNamee, Crankshaw, Grace, Mahoningtown, Ben Franklin, Time: 36.4 seconds).

Class III, 880-yard relay: Ben Franklin (Jacobs, Burick, Weber, Hill, Mahoningtown, George Washington, Time: 1 minute, 45.4 seconds).

Class III, 440-yard relay: George Washington (Baker, McNamee, Grace, Mahoningtown, Ben Franklin, Time: 39.9 seconds).

Class IV, 880-yard relay: Ben Franklin (Fulena, Williams, Fitzpatrick, George Washington, Mahoningtown, Time: 1 minute, 41.4 seconds).

Class V, 440-yard relay: Ben Franklin (Dufford, Rich, Sanders, Burgen, George Washington, Mahoningtown, Time: 39.9 seconds).

No-Hitter Hurlled In Legion Opener

Mayor Haven Hurls First Ball As American Legion Junior League Gets Under Way

Indications that the American Legion Junior League is going to be a fast circuit this year was shown in the league opener played at George Washington Field, Monday evening, when the Wagner Panthers, led by the sensational hurling of Rowland, trimmed the East Side Lands, 11-0. Rowland hurled a seven-inning no-hitter.

Mayor John F. Haven hurled the first ball, with Commander Leon A. Drummond of the Perry S. Gaston Post doing the receiving. Councilman Jim Gibson, the batter, and Adjutant Charles E. Allen, as the umpire.

The Wagner got off to a five run lead in the first inning, due to a little shakiness on the part of the Lands, who are a little young and inexperienced, but who will settle down and do better as the season rolls along as they have a bunch of young hurlers.

Rowland's hurling had them handcuffed, however, and eleven of the Lands fanned the breezes. At Tate of the Panthers hit a long homer.

Score by innings: R H E
Lands 000 000 0-0 0 3
Panthers 510 113 x-11 9 3
Batteries: Lands, Dado and Clark; Wagners, Rowland and Cunningham, Umpires, Price and Kneram.

The game scheduled between the Independents and the Elks, the latter of which is made up of last year's champion South Side Legion team, with a few additions, were scheduled for Cedar street, but was cancelled because of a confusion over the grounds.

South Hill Cardinals and Columbus club played a 4-4 tie in their game staged at E. & A. field, with some tight pitching featuring this contest. L. Lautenslager of the Cards held the Columbus club to two hits, while only three hits were secured off Matarazzo on the mound for the Columbus club. Lautenslager fanned 14.

J. Culbertson, hit a two-bagger and made a sensational catch in left field.

Score by innings: R H E
Cardinals 201 010 0-4 3 4
Columbus Club 112 000 0-4 2 4
Batteries—Cardinals, L. Lautenslager and Black; Matarazzo and Lombardo, Umpire, Ferrari.

Plan Social Time At Sons Of Italy

All Sons of Italy athletes, baseball players, golfers and softball players will be given a large evening at the Sons of Italy hall on South Mill street Wednesday evening at 8 o'clock. It was announced today by Charles Scaglione.

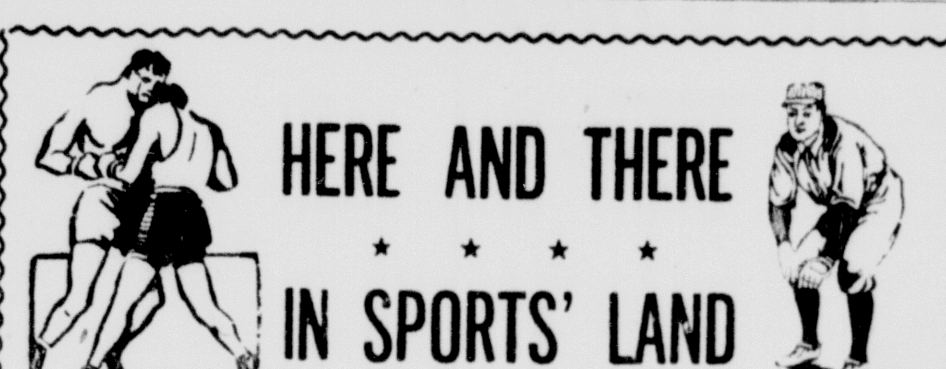

All members of the above three teams are asked to be present and join in the fun.

Baxter Matched To Box Aurelano

Russell Baxter, New Castle middleweight, has been matched to box Aurelano of New York in the Rayen-Wood auditorium, Youngstown, next Tuesday night. Jefferson A. C. is handling reservations for the bout which will be Baxter's first main professional bout in this district.

SPENCERS PLAY TONIGHT

Spencers softball team will play a pre-league game tonight at Dean Park with the Sons of Italy at 6 o'clock, and will play the Vets of Foreign Wars at Lehigh field at 6 o'clock on Wednesday. It was announced by Jack Levenly.

KNOW-IT-ALLS tell you that athletes like best the sport in which they top the field. They don't, either. In 1942 John Gaver's Greentree Stable led all others in money won. Gaver rose to the top remarkably fast in racing, having been head trainer for Greentree only three years when he hit the heights. But is racing his favorite sport? It is not! John will pass up a discussion of the turf any day for conversation about the New York Giants baseball team. Joe Louis—do you know who. Much as he likes boxing, though, Joe admits he likes baseball better. When he isn't in training for boxing bouts he spends much of his time attending Detroit Tiger games and playing first base for a team made up of his friends. If he had thought baseball held the opportunities for Negroes that boxing did, he might have tried to crash it instead of the ring sport, according to Margery Miller, Central Press writer. Jimmy Caesar is a former world's professional speed skating champion over the mile distance. Now he makes his living jumping on skates. Experts say he can jump farther than any other man in the world. What is his favorite sport? Diving, in which he holds no world title!

Gus Lesnevich, the lightweight champion, took butter and eggs with him to London for his coming title with Freddie Mills. What we'd like to know is—where did Gus get the butter? Stricken by infantile paralysis when he was 2, Eddie Kania, 15, of Carbondale, Pa., plays baseball in a teen age league in his home town despite his handicap. Eddie's pitcher on his club, hurling from a sidown position. He averages nine strikeouts a game. With the aid of crutches he also takes his batting turn although someone runs for him. Bought for \$55 in Ladysmith in 1938 at a sale of worn-out harness horses, "Ouster Volo" proved that there is plenty of life in the old nag yet when he won the mile trot at Santa Anita for three-year-olds and up, taking the field for \$24.20, \$12.20 and \$8.80. "Ouster Volo", now 15 years old, is a trotter, a pacer and believe it or not, a plow horse. Owner-farmer Guy Cleveland of Carmi, Ill., says the secret of the horse's success is "Ouster's" work in front of a plow.

People often remark that the greyhounds must be awfully stupid to race after mechanical rabbits day after day and never catch them. They're not so stupid as it might seem. When greyhounds do catch the mechanical rabbit, through some failure of its mechanism, the race is declared off. It's only a race when they are frustrated. Why, then, don't they get bored? They do. In England not long ago some of the top greyhounds began to slip, and were beaten by dogs that previously hadn't been able to give them a hot race. Their owners began to suspect the dogs were wise to the set-up and had lost interest. To make sure, they shipped them to the country and gave them some live hares to chase. The greyhounds regained their previous form in a matter of seconds. All of which should prove you can't fool all of the dogs all of the time. The pendero "George Chantry" who allegedly fiddled around Youngstown's Jimmie Zill and George Chip of New Castle, is said to be under arrest for forgery at Ashtabula, O.

Union Hi Wins Triangular Meet

"Scotties" Top School With 42 Points; Bessemer Second, Shenango Last

Putting on a sport in the last event of the day, Union high school's track team won the triangular meet at the Union track Monday by a score of 42. Bessemer high was second with a 36 point total, while Shenango pulled up in last position with a total of 26.

Charles "Lefty" Tanner of the third-place Shenango Wildcats walked off with the honors of the meet, amassing a total of 15 points. He won the 100-yard dash, the discus toss and the shot put event.

Marvin Donaldson of Bessemer was second in points, with an aggregate of 13. He copped the pole vault event, high jump and placed second in the discus throw.

Saturday, May 11, there will be a tri-county meet at Taggart Stadium.

Results of the meet follow:

100-yard dash: Tanner, Shenango, 16.4 seconds; Union, Vetter, Bessemer, Time: 17.1 seconds.

220-yard dash: Vetter, Bessemer, Hoover, Union, Badger, Shenango, Time: 26.8 seconds.

440-yard dash: John, Shenango, 1:01.4; Union, DeOtto, Bessemer, Time: 59.3 seconds.

880-yard dash: Baird, Bessemer, Brown, Bessemer, Leukert, Union, Time: 2:24.5 seconds.

1 mile run: Romano and Doyle, Union, Cochran, Shenango, Time: 5 minutes, 23.9 seconds.

880-yard relay: Mauney, Leukert, Hoover, Roberts, Union, Time: 1 minute 49.7 seconds.

Discus: Tanner, Shenango, Donaldson and Vetter, Bessemer, 107-feet; Hines, Javelin, South, Union, Phillips, Towner, Bessemer, 100-feet; 11-inches.

Broad jump: Mauney, Union and Badger, Shenango, 100-feet; Schell, Union, 77-feet; 10-inches.

Pole vault: Donaldson, Bessemer, Brown, Union and Madrid, Bessemer, 9-feet 6-inches.

High jump: Donaldson, Bessemer, Brown, Union, Nelson, Bessemer, 55-feet.

Shot-put: Tanner, Shenango, Conti and South, Union, 40-feet 7-inches.

Spring football practice may have uncovered a place-kicking specialist at Penn State. Coach Bob Higgins says Carl Sturges, Washington, D. C. ex-G.I. shows exceptional promise as an extra-point booter.

Versatile Attack With Gloves Laden With "Dynamite" Brings Down Eddie Benesch

BELL, GIBBONS AND IZZO WIN BATTLES

Two knockouts, three technical "knoes" and nine knockdowns were registered last night in The Arena in an eight-round fistic carnival, featured by Bill Pozzy's TKO over Eddie Benesch in the second stanza and Bobby Bell's display of class that dethroned Bipp Baer in three rounds. Twelve hundred fans witnessed the Jefferson A. C. pugilistic production.

Pozzy, of Ellwood City, never fought a better fight. Both gloves were loaded with dynamite. He waged an incessant assault on Benesch's stomach in the first and although a straight left to the face sent Pozzy back upon his heels toward the end of the first he kept after the Youngstown fighter, capturing the first round by a wide margin.

In the second Pozzy shifted his attack from the stomach to the head and a right dropped Benesch who got up without a count. Pozzy gave Eddie, who stood a head taller, no chance to recuperate and nailed him with another right that knocked the Youngstown man through the ropes. His eyes turned glassy and realizing that Benesch was out, Referee Charles James stopped the fight.

Gibbons, Izzo Win

Bipp Baer of Pittsburgh and Bobby Bell of Youngstown, bantamweights, boxed a beautiful three rounds but Bell had too much class and carried too much INT for Baer. Bell dropped Baer once in the second and twice in the third and was awarded the decision.

Regis Murray of Pittsburgh bounced around the slower Chuck Gibbons of Ellwood City, in a junior welterweight fight in the first round without any noticeable damage being done to either but in the second Gibbons, whether over hard rights and lefts that felled Murray for the count.

Although Bill Jamison dropped Joe Izzo with a right just before the end of the first round after Joe had won a wide lead it failed to jar Paris Cane's protégé and in the second chapter of a rough Evening's Evening and a near-weight fight fans liked Izzo knocked out Jamison with a right. They are New Castle fighters.

All the other bouts were either fair or good.

Official Results

118 pound class—Billy Bradley, Niles, Ohio, won a technical knockout over Ray Gould, Youngstown in the first round. Referee stopped bout.

130 pound class—Billy Myers, Youngstown, won a split decision over Clyde Wagner, Niles, Ohio.

138 pound class—Mike Gurak, Niles, Ohio, won a split decision over Nick Capar, Beaver Falls.

145 pound class—Chuck Gibbons, Ellwood City won a knockout over Regis Murray, Pittsburgh, second round.

120 pound class—Bobby Bell, Youngstown, won a unanimous decision over Bipp Baer, Pittsburgh.

Heavyweight class—Billy Pozzy, Ellwood City won a technical knockout over Eddie Benesch, Youngstown, in the second round. Referee stopped bout.

The officials were: Referee, Charles James; Judges, Mrs. Betty Wingert and Phil Greer; Timekeeper, Billy Fazzone; Announcer, Charles Walters; Matchmaker, Tommy Leach; State Athletic Commission Representative, Anthony De Andrea, and A. A. U. Ed. Fritz.

Philadelphia Back In Hockey League

PHILADELPHIA, May 7.—(INS)—The American Hockey league will return to Philadelphia this fall after a five-year absence, it was announced today by Arena General Manager Peter A. Tyrell.

The season will open in November. Tyrell said, but no name has been selected yet for the Philadelphia entry. The Philadelphia Rockets withdrew from the American league after the 1941-42 campaign because of lack of manpower.

During the war the Philadelphia Falcons, members of the Eastern Amateur Hockey league, used the Arena ice.

Northern County League Will Open With Six Teams

Opening Games Week From Today, Two Committees Appointed By DeLeone

Northern County Baseball league managers and officials held a meeting last night with President Cam DeLeone, in charge and decided to open the league a week from today with six teams in the fold.

The six teams will be—Union Clives, New Bedford, Pulaski, New Wilmington, Nashua, and East Brook. All teams have paid their franchise money. All contracts must be handed in to Secretary Paul Sankey next Monday at another league meeting.

Two Committees Named

President DeLeone appointed two committees last night to work out league details such as scheduled and rules.

Schedule committee—Paul Sankey, chairman, Sam Chilli, Charles Bushop and Fred Miller.

Rules committee—Howard Rodgers, chairman, J. Dubrasky, William White.

The new league is looking forward to a very successful season of the diamonds. The northern county fans can rest assured that they will see some fine ball games this summer. Interest in the newly created circuit is at fever heat. The teams all have strong lineups.

'Twas Brother John Made Hole-In-One

It was a case of mistaken identity, in the case of John Perry, who made a hole-in-one at Sylvan Heights course, Sunday.

John and his brother Charles, look enough alike to be twins, and when the report reached The News, Charles was given the credit for the difficult golf feat. However, it was Johnny who made the shot.

Sylvan Heights League To Open Wednesday Eve

Entry of an additional team has made it possible to have a ten-team circuit in the Sylvan Heights Golf league, which was scheduled to have gotten under way last Friday evening, and play will be started Wednesday night. President Marty Kovach announced today.

There will be ten strong teams in the league this summer, and interest in the race is keen as the season gets started.

The schedule for opening night is as follows:

Venors vs. Duca D'Abuzzi; Ellwood City Moose vs. New Castle Moose; Ellwood City Elks vs. Sons of Italy; United Engineering vs. United Sanitary Manufacturing; Standard Steel Spring vs. Johnson Bronze.

Softball Umps Meet Wednesday

There will be a meeting at the "Y" Wednesday evening at 8 o'clock for all softball umpires in New Castle. It was announced by Bird Riley, secretary. All men who desire to umpire softball games this summer are asked to attend, also Joe Factor and Tony Conn.

Elks Duckpin League Banquet Hilarious Event

Seventy-Five Members Of League Dine On Turkey Listen To Fine Speeches

ARMY TEAM IS 1945-46 CHAMPS

B. P. O. E. No. 69 duckpin bowlers held their annual banquet at the club last night. It was not just an ordinary banquet as banquets go, but a riot of fun from start to finish as only the Elks can stage them. Places were set for 75 men. Shortly after 6:30 o'clock the men sat down, to well laden tables of food, the main dish being turkey and stuffing (Thanksgiving style) and everything that goes to make up a dinner fit for the most fastidious, ending with ice cream and cake. If anyone got up hungry, it was because he was on a diet and didn't eat (doctors' orders). There was everything, soup to nuts, as the saying goes.

George Patterson Toastmaster. George "Pat" Patterson was trundled into the job of toastmastering the banquet speaking program and was introduced with flowery language by the Chairman of the Bowling Committee, Thomas Armstrong, who by the way worked himself into a lather getting the banquet arranged and his job was well done not only on the banquet but as chairman of the bowlers.

First to speak was Arthur Carpenter, Past Exalted Ruler, followed by Wilbur Whiting, Exalted Ruler of the Elks, both men extolling the virtues of the bowling league, and expressing satisfaction with the Elks athletic program.

Sheriff Frank Coen, waxed as humorous as a burlesque comedian as he had the men rolling off their chairs with his ready wit and manner of dishing out "stories," when

called on for a few words as a special guest. Another special guest, who spoke briefly was Charles "Bugs" Walthers, News sports writer.

Captains Split Pieces
Toastermaster Patterson waxed eloquent as he introduced Al Snyder captain of the championship Army team who told how "we did it" (with razberries); Johnny Hite, captain of the runnersup Yale team, who told "we didn't do it." Other team captains called on to explain why they didn't win or at least do better were: Bert Davis, Bennie McCann, William Watkins, Jr., Howard Smith, Bill Mackie, "pinching" for Verne Carr, William Usselson, Harry Harris, and "Rube" Kennedy.

Tom Armstrong introduced his capable assistants on the bowling committee, George Siltzinger, Howard Smith and Francis Morrissey who took all the credit for the success of the league causing the chairman much embarrassment, (all in fun however).

Pirates After Three Straight

PITTSBURGH, May 7.—(INS)—The Pittsburgh Pirates went out to make it three straight over the Brooklyn Dodgers today after the club physician, Dr. J. Huber Wagner, announced that Pitcher Rip Sewell will be able to play again.

Dr. Wagner said Sewell suffered a gastro-intestinal disorder and a "possible toxic cerebritis—an inflammation of the brain" when he collapsed after pitching the opening game of a doubleheader against Brooklyn Sunday.

"He is definitely better," Dr. Wagner said, "but I can't say when he will be ready to play again."

Graziano May Meet Secret And Green Winner Announced

CLEVELAND, May 7.—(INS)—Matchmaker Larry Atkins announced today that Rocky Graziano may be matched May 28 in the Cleveland Arena against the winner of next Monday night's 10-rounder between Sammy Secret of Pittsburgh and Harold Green of Brooklyn.

Atkins said that Graziano has asked for a go at the victor of the rematch between Secret and Green, but that other commitments must be straightened out first.

Library Observes Religious Book Week, May 5-11

Many Of Books Listed By National Council Of Christians And Jews Available Here

Far from seeking uniformity of religious faiths, or holding that "one religion is as good as another," the National Conference of Christians and Jews has started "National Religious Book Week" from May 5 through 11 to bring greater understanding between those whose faiths are different, and to show that these people may work together toward mutual goals.

Many of the books listed by the council as particularly good for reading during this week may be found at the New Castle Public Library, chief librarian Alice Sterling has pointed out.

On the Jewish book list are: "Focus" by Arthur Miller, "Hunger for the Desert" by Maurice Samuel, "Palestine, Land of Promise" by Walter Clay Lowdermilk, "History of the Jewish People" by Heinrich Graetz, and several other books which are on order, but which have not yet been received.

The Protestant list includes: "Bringing Our World Together" by Daniel Johnson, "The Christian Answer" by Henry P. Van Dusen, "A Christian Global Strategy" by Walter W. Van Kirk, "The Gospel of Jesus" by C. S. Lewis, "How You Can Help Other People" by Samuel M. Stone, "Pathfinders of the Missionary Crusade" by Sherwood Eddy, "Sins and Strangers" by George F. Findlay, "The Bible and the Common Reader" by Mary Ellen Chase, "The Church and State in Contemporary America" by William Adams Brown, "A History of the Expansion of Christianity" by Kenneth Scott Latourette, "In the Steps of the Master" by Henry P. Van Dusen, "The Nature and Destiny of Man" by Reinhold Niebuhr, "On Being a Real Person" by Harry Emerson Fosdick, "The Divine Comedy" by Dante Alighieri, translated by Jefferson Butler Fletcher and illustrated with drawings by Botticelli and "Larger Than the Sky" by Corvill Newcomb.

ONE IN A MILLION
AUSTIN, Tex.—(INS)—Lt. James H. Mouth, housing officer at Bergstrom Army Air Field, had to ask the woman to repeat what she said. "I said 'Don't send me anyone with less than two children," she replied. "I won't rent to them."

Younger Slant On The Town

June '43 kids aren't losing any time in making plans for their big reunion this summer. . . some of the boys have just arrived home, and some of the other are still in service, but the committee is sending out letters already. . . Ensign Paul Richards, the class president, is in the States now, and Bart Balentine, who was wounded in the South Pacific, has been home for several weeks. . . Betty Finnessy is coming from Cleveland for the big day because she misses the old gang. . . once a P. O. W. in Germany, Jimmy George is now conveniently located at Westminster big Bob "General" Lee and Jesse Gunn—who were the stars of many a Ne-Ca-Hi football victory—have been seen around town and will probably be at the pow-wow. . . and Carmen Smiarelli is on his way home from India. . . chairman of the committee that's pushing this event is a little dynamo named Evelyn DeVivo. . . she's the receptionist for Dr. Amelio Acquaviva. . . 385 seniors were graduated in this class.

Speaking of high school, the senior class has had a change of queens, all because of Janis Martin's bad appendix. . . Janis was elected queen, and would have been crowned at the school dance which the Senior B's are giving Friday night, but instead she's recovering from an operation. . . She will be replaced by blonde Marie Olson, who is also a good little singer.

Appendicitis was quite in style. . . Mrs. Allan Brettell (Pat Taylor) is in the Jameson hospital minus her appendix. Pat was at a dance Friday night and on Saturday evening she was on the operating table. . . Her husband, Bud, who is now back at Westminster College after four years in the navy, is the son of the late Lt. Col. John B. Brettell. . .

Bill Nicholson and Lennie Burkot were exercising their tonsils in the "Gay Nineties" room in Pittsburgh last night last week, roaring out "My Mother Was a Lady", "Let Me Call You Sweetheart", and any other songs that happened to come along. . . Lennie is a crooner although he won't admit it. . . Bill, who was a lieutenant in the Eighth Air Force, is working in a bank in Warren, Ohio, now, and Lennie, a navy vet, has signed up for Duquesne University in the fall. . . More than a few New Castle people were seen in Pittsburgh when the curtain went up on "La Traviata" in Syria Mosque this past week-end, also. . . some of those who heard Licia Albanese sing the role of the beautiful Violetta were: Mrs. Frances Colao, Priscilla Barnes, Helen McCracken, Mrs. Chester Minick and daughter, Virginia, Mr. and Mrs. Alex Cantora, and Attorney and Mrs. Joseph Leta. . .

If you see Andy Harcar with dirt under his fingernails and a kink in his back, it's because he's digging more basement for the house he seems that there is no provision for a kitchen on the first floor, and when he adds a kitchen, Hark wants a basement under it. . . Hark and his wife, Jeanie, a Memphis gal with a southern drawl, have been back in New Castle for the past few months. . . Andy was in the army four years.

That Lowell Thomas autograph which Croy Pitzer has come to New Castle by way of Tee Anne Griffith's desk in the Philadelphia office of the N. W. Aye and Son Advertising Company. . . Tee Anne is working for the advertising concern while she is attending the Mae Desmond School of the Theater. . . the firm handles advertising for hundreds of big companies, including Lowe! Thomas's sponsors, and when the noted commentator came into the office to do some research several weeks ago, Tee Anne was the stenographer who took dictation from him. . . Ted Castele has undergone two operations in the Naval hospital at Portsmouth, Virginia, recently. . . his parents are visiting him now. . . Ted, who graduated not very long ago, is an apprentice seaman. . .

Villa Maria high school in Villa Maria, Pa., presented a delightful spring musicale Sunday afternoon, with Geraldine Cielieba of Phillips street, New Castle, as one of the pianists. . . Jerry and a friend, Christine Altomond, played Moszkowski's "Valse Brillante", local relatives and friends who went to hear Jerry play, also got an earful of Chopin, Rachmaninoff, Bach, Tchaikovsky and Schubert. . .

Bill Devlin's neighbors on Croton avenue are getting an earful of the masters, also, voluntarily or otherwise, three weeks ago, Bill and his girl friend, Marge Allen, bought a record player which Bill keeps at his house most of the time. . . in that short time, Bill has bought List's Hungarian Rhapsody No. 2, Cesar Franck's Symphony in D Minor, Rossini's Overture to the Barber of Seville, Paganini's aria from the same opera, and a couple of soprano numbers sung by Lily Pons in ditto. . . Bill isn't quite satisfied because he hasn't yet been able to get Shostakovich's Polka and Beethoven's Fifth Symphony. . .

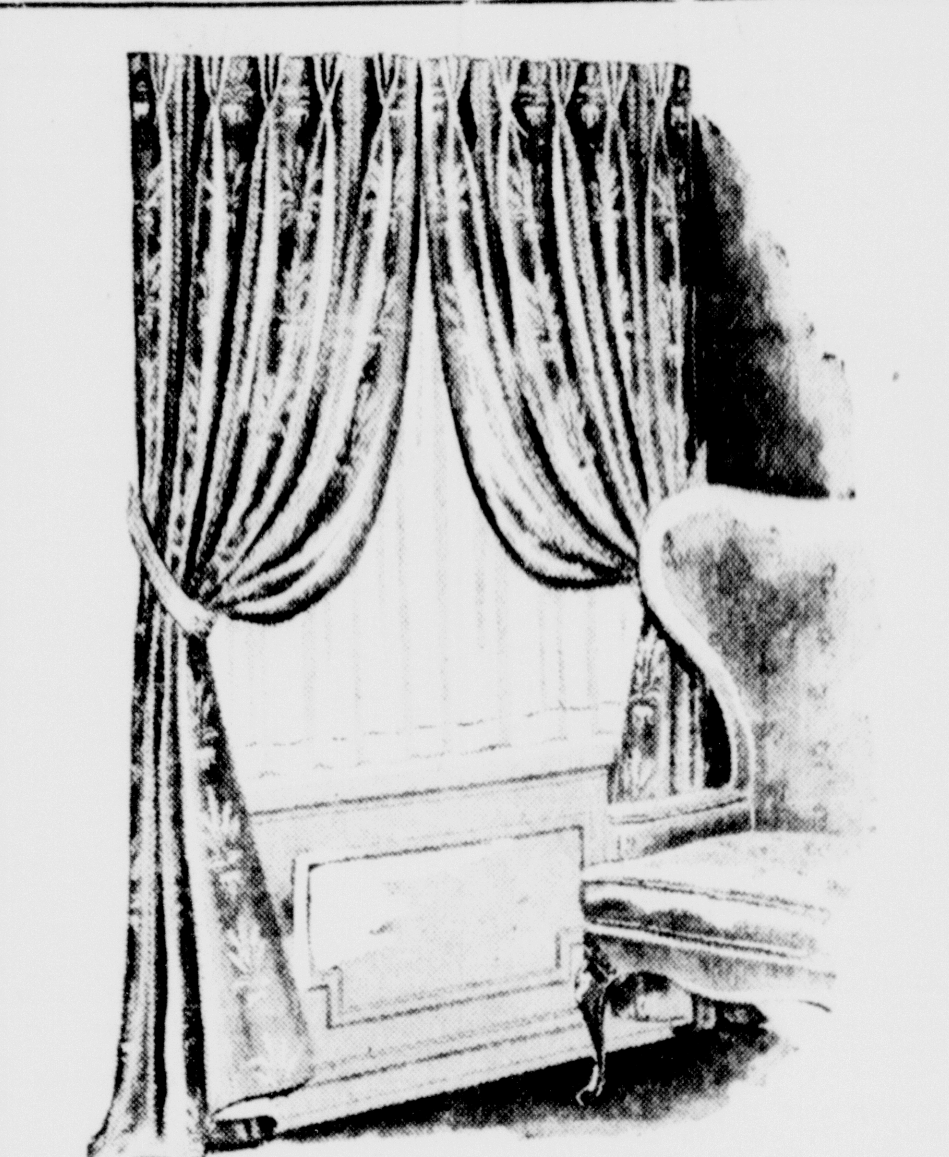

Even cracking books at Grove City College can't keep Sherman Samuels' mind off the girl he left behind—in England. Her name is Vena Singer and she's from Reading, Tlehurst. . . She is expected to arrive in this country in June, or as soon as all of the right papers can be sent back and forth. . . the wedding will probably be in New Castle. . .

The Bible is essential in every trial courtroom in the United States.

Lady's Stomach Was Like A Gas Factory; Meals Turned To Gas

One lady said recently that her stomach used to be like a "gas factory." That is, when she ate a meal it seemed to turn right into gas. She was always bloated, had awful stomach gas pains, daily headaches and constant irregular bowel action. Now, however, this lady says she is FREE of STOMACH GAS and she says the change is due to taking ERB-HELP. Her meals agree with her. No gas or bloating after eating. Headaches and constipation are gone. "Oh! what relief!" states this lady. "Why don't other gas and constipation sufferers get ERB-HELP?"

ERB-HELP contains 12 Great Herbs, they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get ERB-HELP. Sold by All Drug Stores here in New Castle.

CITY PROTESTS SALE
Three lots sold by the county commissioners on Taylor street Monday morning drew a protest from Assistant City Solicitor Gilbert Long. The lots brought \$1,050. Mr. Long said the city expected to take action to prevent the sale. Nearby is the city tool shed and it has been thought the city might utilize more ground on the street for an enlarged shed.

Women's Clubs Appeal To Lewis
SHAMOKIN, Pa., May 7.—(INS)—Three women's clubs in Snyder, Union and Northumberland counties were on the warpath today looking for John L. Lewis, president of the United Mine Workers of America (AFL). They sent a telegram to the battle-browed union chieftain warning him that an anti-racism strike following the bituminous walkout could be disastrous and appealed to him to avert a work stoppage "so we can buy washers, irons, refrigerators and other electrical appliances."

Rotary Club Has Business Session
Monday noon's luncheon meeting of the New Castle Rotary Club was devoted entirely to business, a report being received from the various committees on the club activities during the past month.

George M. Kline, of the Kline Foundry, at East New Castle, was admitted to the club as a new member.

Expecting a Baby?
Mother's Friend
MOTHER'S FRIEND, an exquisitely prepared emollient, is useful in all conditions where a bland, mild anodyne massage medium in skin lubrication is desired. One condition in which women for more than 20 years have used it is an application for massaging the body during pregnancy. . . it helps keep the skin soft and pliable. . . thus avoiding unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin. An ideal massage application for the numb, tingling or burning sensations of the skin. . . for the tired back muscles or cramp-like pains in the legs. Quickly absorbed. Delightful to use. Highly praised by users, many doctors and nurses. Millions of bottles sold. Just ask any druggist for Mother's Friend—the skin emollient and lubricant. Do try it.

PRUNE SHRUBS AT END OF FLOWERING SEASON
Early flowering shrubs, such as forsythia, spiraea and lilacs, may be pruned as soon as the flowering season is over. This permits the shrubs to develop new wood and buds for next season's bloom. Many of the old branches should be removed to the ground to stimulate new growth.
Trees and shrubs, including evergreens and deciduous material, may be planted at this time. Any deciduous material which has been delivered and must be held should be removed from bundles and "heeled in."

FOOD FOR ALL AGES
It seems that long before man appeared on this earth God had an abundance of things which could be used for food.
The same kinds of food seem to be needed by children, adults and old people. All these different kinds of food seem to be suited to all the various ages, too.
Protein is the material used for building and repair. Children need a generous supply of it to use in rapid growth.
Old people need it for other reasons. Meat, eggs and milk products are our best sources of protein. It helps to keep elderly people in good condition. A good supply of protein is necessary whether a person is active or not.
The supply of starch, sugar and fat may vary according to the activity of the individual. A person should eat amounts corresponding to the amount of work done.
Protein should be provided regardless of whether work is done or not.

How Endocrine Makes Possible A Younger Looking Face and Throat
Endocrine
For a more youthful, more lovely face and throat, try Endocrine, the 8-year-tested scientific face cream. With most women, it achieves results heretofore thought impossible. This is because Endocrine helps improve the skin itself, not merely its outward appearance. The reason is Activol. Only Endocrine contains Activol, a scientific replacement for woman's own natural skin-vitalizing substance absorbed by the skin. It helps restore normal growth to ageing cells, and tissue. The skin tends to become fresher, firmer, smoother, softer, radiant, with more youthful charm. Many report exceptional improvement in only 30 days.
